## Dashing to increase awareness of diabetes

Winner and supporters including ACP Wan Azlan (left) next to Balachandran; Lin (centre in black) and Chia (right) next to Syed Shahril Anuar.

A community run for World Diabetes Day brought together over 2,000 participants to raise awareness about the illness in Subang Jaya, Selangor.

# Rapper Zamaera claims she was secretly filmed at massage parlour, wants apology from MBSJ officer

By VIJENTHI NAIR

A MALAYSIAN artiste is seeking an apology from the Subang Jaya City Council (MBSJ) officer who allegedly filmed her in secret while she was having a massage at a parlour in SS14.

Rapper Zamaera, whose real name is Sharifah Zamaera Syed Zafilen Al Edros, also wants MBSJ to issue a statement on the standard operating procedure (SOP) for operations at such establishments, and that they do not condone the actions of its officer.

In an Instagram post, Zamaera claimed that one of the MBSJ officers had filmed her naked from behind, while she was getting a massage in a room covered by curtains on Wednesday.

Zamaera said she saw some light come through from the back, and saw a man in sunglasses poking his head through the curtains to film her using a handphone.

"I was lying on my tummy with my face on one side, and only had a towel covering part of my butt.

"I immediately covered myself in a towel and peeped out, only to find many men claiming to be MBSJ officers at the place.

"Some were in uniform and some were in plainclothes," she said.

Later, Zamaera said she confronted them on why she was filmed and one of them denied that it happened.

"One officer also claimed that it was part of the SOP during a raid to check for illicit activities.

"The officer showed me a video taken at the establishment, which ended with a recording of another female customer that was naked from behind, having a massage in a different room," she said.

Zamaera said she was disgusted by the way the officers had conducted themselves and had filed a police report, as well as a complaint at MBSJ against its officers.

"I feel that my privacy has been violated.

"I do not feel safe as a woman," she said.

Zamaera said she was due for a meeting at MBSJ today on the matter.

MBSJ could not be reached for comments at press time.

## Probe into rapper's claim she was filmed naked by an officer

SUBANG JAYA: A full investigation into claims that an enforcement agency officer had recorded a rapper while she was unclothed during a raid on a massage parlour will be conducted, say the police.

Rapper Zamaera, whose real name is Sharifah Zamaera Syed Zafilen Al Edros, had alleged that she was secretly filmed while she was having a massage at a parlour in SS14 here on Wednesday.

Subang Jaya OCPD Asst Comm Wan Azlan Wan Mamat said police reports were lodged by both Zamaera and a member of the raiding team after the issue went viral.

"Investigations showed that the complainant who was with the raiding team was provoked by the 'suspect', and that she had used her phone to record them (the raiding party) during the raid," said ACP Wan Azlan.

He said both parties subsequently checked the phone that was believed to have been used to record the footage.

"Both the suspect and complainant then inspected the phone of the officer accused of filming her but found no photo or videos of the suspect," he said in a statement yesterday.

ACP Wan Azlan added that Zamaera also refused to comply with orders to provide identification, and that she had complained about the raid being documented by enforcement agency officers.

He said the officers there had explained the standard operating procedure of the raid to her.

In her report, Zamaera claimed she had been filmed by a Subang Jaya City Council (MBSJ) officer while naked during a massage.

In an Instagram post, she claimed that one of the MBSJ officers had filmed her naked from behind while she was getting a massage in a room screened off by curtains.

Zamaera said she saw some light coming through from the back and saw a man wearing sunglasses poking his head through the curtains to film her with a cellphone.

In a Facebook post on Thursday, she said she was to meet with MBSJ on Friday to convey her account of the incident.

Masa membaca: 2 minit

SUBANG JAYA - Polis menjalankan siasatan berhubung seorang penyanyi rap yang mendakwa dirinya dirakam secara rahsia ketika serbuan dijalankan di sebuah pusat kecantikan dan kesihatan di Subang Jaya pada Rabu lalu.

Ketua Polis Daerah Subang Jaya, Asisten Komisioner Wan Azlan Wan Mamat berkata, siasatan mendapati sebelum itu serbuan dijalankan pasukan Bahagian Operasi Majlis Bandaraya Subang Jaya (MBSJ) di lokasi berkenaan.

"Ketika serbuan dilakukan pengadu telah mengarahkan anggotanya untuk merakam video dan mengambil gambar bagi membuktikan aktiviti yang berkaitan dengan urutan selain melakukan pemeriksaan lesen perniagaan.

"Hasil pemeriksaan mendapati premis berkenaan tidak mempunyai lesen perniagaan sah MBSJ dan telah menyalahi undang-undang di bawah Undang-undang Kecil Pusat Kecantikan dan Penjagaan Kesihatan 2013," katanya dalam satu kenyataan pada Sabtu.

## Police probe rapper's claim MBSJ officer recorded her while she was semi-naked

By Adib Povera - December 7, 2024 @ 11:23am

Police have launched an investigation into allegations by a local female rapper who claimed that a Subang Jaya City Council (MBSJ) officer secretly recorded her while she was unclothed during a massage session at a centre in Subang Jaya. - NSTP FILE PIC

KUALA LUMPUR: Police have launched an investigation into allegations by a local female rapper who claimed that a Subang Jaya City Council (MBSJ) officer secretly recorded her while she was unclothed during a massage session at a centre in Subang Jaya.

Subang Jaya district police chief Assistant Commissioner Wan Azlan Wan Mamat said the case is being investigated under Section 186 and Section 509 of the Penal Code for obstructing civil servants from carrying out their duties and insulting the modesty of a woman, respectively.

He added that the case is also being investigated under Section 233 of the Communications and Multimedia Act 1998 for the dissemination of footage from the raid conducted by MBSJ.

Wan Azlan said the investigation into the case was launched following reports lodged by an MBSJ officer and the female rapper.

He said the MBSJ officer claimed that he had instructed his raiding party to record videos and take photos as evidence when they raided a beauty and wellness centre in Subang Jaya at about 6pm on Dec 4.

"Upon inspection, it was found that the premises was operating without a valid business licence from

"During the inspection, the raiding party was provoked by a local woman who refused to provide her identification card and questioned the documentation carried out by the team.

"Preliminary investigations showed that the complainant and his team were provoked by the suspect, who also recorded the team's actions using her mobile phone," Wan Azlan said in a statement today.

He said the MBSJ officer and the suspect then reviewed the footage on the team members' devices and found no images or videos of the suspect.

The MBSJ officer, he said, also explained to the suspect that the raid was conducted in accordance with the standard operating procedures (SOPs) set out under the MBSJ Beauty and Health Care Centre 2013 by-law.

"The MBSJ officer lodged a police report regarding the clip of the raid, which had been circulated on social media by the suspect.

"The suspect, in turn, filed a police report claiming that the raiding party recorded footage of her without clothes during a massage," he added.

Wan Azlan also urged anyone with additional information to come forward and assist in the investigation by contacting the Subang Jaya district police headquarters at 03-78627100 or the investigating officer, Inspector Fadizah Ajamain, at 019-8582166.

The Rakyat Post reported yesterday that the female rapper claimed that an MBSJ officer had secretly recorded her while she was unclothed during a massage session at a parlour in SS14, Subang Jaya.

In a series of social media posts on X, the rapper alleged that she heard male voices about 15 minutes into her massage at the centre.

The rapper further claimed that an officer had recorded her while she was unclothed. Unhappy with the situation, she confronted the raiding party and asked who had recorded her.

She claimed that she was told by one of the officers that recording was part of MBSJ's SOP.

突击检查 按摩 按摩院 侵犯隐私

## 按摩没穿衣执法员突闯入还拍摄 嘻哈女歌手忧隐私泄露报警

扎米拉不满执法人员闯入按摩区，还打开她的帘子及拿着手机对她拍摄。（视频截图/IG@zamaeraaa）

（八打灵再也6日讯）本地嘻哈歌手扎米拉（Zamaera）日前到梳邦SS14的一家按摩院按摩，期间遇到梳邦再也市政厅（MBSI）的执法人员突击检查，她声称，执法人员在没有表明自己身份的情况下，打开她按摩的帘子，并拿着手机拍下她赤裸的样子，让她感到震惊。

她在社媒Instagram上发布视频，叙述整个事发经过。

她透露，周三（4日）下午5时30分左右，她独自前往一家新开的按摩院按摩。按摩期间，她突然听到大厅传来男人嘈杂的声音。

她说，过后有一名男子打开她的帘子，并拿着手机对着她拍摄，随即她穿上衣服，出去查看才知道梳邦再也市政厅的执法人员突击检查。

她表示，当时毛巾在她的屁股下的位置，所以他认为，该男执法人员一定拍到她的股沟。

扎米拉对官员侵犯她的隐私感到愤怒，质问执法人员为何侵犯她的隐私，拍摄她赤裸的样子。

一名执法人员突然开口，对扎米拉指责他们的行为不当感到愤怒。“谁在做不恰当的事情？我不知道这里发生了什么糟糕的事情。”

然后，扎米拉质疑突击搜查的标准操作程序（SOP），声称这些执法人员没有表明自己的身份就打开她的帘子。

“你们的SOP是让你们不声不响地走进来，悄悄拉开女顾客的帘子，然后没有表明身份，就拍摄她们吗？这就是你们的SOP吗？”

该执法人员回答说：“是的，这是我们老板给我们的SOP”。

扎米拉要求拍摄她和其他女顾客的执法人员站出来并道歉，否则她会报警或采取法律行动，但是，最后没有人站出来。

扎米拉感到不满，她打算向警方报案，并试图离开，但被执法人员拦住。其中一名执法人员要求她出示身份证进行记录，这再次使事态升级。

扎米拉向该执法人员表示，她不必向他们提供身份证，因为他们不是警察。

随后，她前往SS17警察局报案。报案后，她按照警察的指示，前往梳邦再也警区总部进行后续调查。

扎米拉日前到梳邦一按摩院按摩时，遇到梳邦再也市政厅执法人员突击检查。（取自IG@zamaeraaa）

扎米拉说，SS17警局的警察告诉她，MBSI执法人员的做法是错误的，让她感到很欣慰。

然而，她表示，梳邦再也警区总部的一名警察却质疑她指控执法人员拍了她隐私部位的说法。

尽管如此，扎米拉说，警察还是接受她的报案，帮她录了口供。

扎米拉在视频的最后说，她按照警察的指示，还前往梳邦再也市政厅一趟。

她说，梳邦再也市政厅的官员承认，发生在她身上的事情是错误的，并要求她今天（6日）去见他的上司。

她还在视频中说，她希望梳邦再也市政厅发表声明，说明他们的官员在这次行动中存在不当行为，他们这样做是错误的。

“我希望负责的官员或与我交谈的官员，为官员滥用职权道歉，他们的行为不应得到宽恕。”

报案 突击检查 按摩

## 嘻哈女歌手指控按摩被拍摄 执法员强调未拍不雅视频

(八打灵再也7日讯) 随着本地嘻哈歌手扎米拉**报案**指控遭梳邦再也市政厅 (MBSJ) 的执法人员用手机拍下**按摩**时赤裸的画面，一名执法官员已反报案并驳斥指控，强调同僚未拍到任何不雅视频或照片，以及突击行动遵循标准作业程序 (SOP)。

梳邦再也警区主任旺阿兹兰助理总监今早发文指出，警方已接获一名MBSJ官员的投报，指于本周三 (4日) 傍晚6时与同僚突击首都某间按摩院，指示同僚检查营业执照，以及拍摄与按摩相关的视频和照片作为证据。

他说，经过检查，事主等人发现该按摩院并没有营业执照，违反了2013年 (梳邦再也市议会) 保健中心与美容中心条规。

“事主等人随后遭一名顾客挑衅并拒绝出示大马卡，对方还质疑他们的拍摄之举，对方也使用手机拍摄事主等人执勤的画面。”

他说，事主随后陪同该名顾客检查负责拍视频和照片的同僚手机，但未发现任何不当拍摄证据，也有向顾客解释突击行动是按照SOP执行。

“事主已就突击行动被散播至网络一事报案，同时该名顾客也指控MBSJ官员拍摄她在按摩时赤裸的视频而报案。”

他说，警方目前援引刑事法典第186 (妨碍公务员执行任务) 和第509 (蓄意侮辱他人) 条文，以及1998年通讯及多媒体法令第233 (不当使用网络设备或服务散播假消息) 条文，全面调查双方的投报。

他呼吁知情者致电查案官法蒂拉警长 (019-858 2166)，或梳邦再也警区总部行动室 (03-7862 7100)，以提供相关线索。

扎米拉日前在Instagram上发布视频，称MBSJ执法人员在未表明身份的情况下，打开她在按摩房的帘子并用手机拍摄，并认为对方拍到了她没穿衣服、毛巾在屁股下方的画面。

她质疑执法人员的行为，在场的一名官员回应称“谁在做不雅 (tidak senonoh) 的事情？我不知道这里发生了什么不雅的事情”。

扎米拉欲离开时被要求出示大马卡，她基于执法人员非警察而拒绝提供；她事后已向警方报案，并向MBSJ投诉此事件。

# MBSJ Officer Accused Of Filming Local Rapper Zamaera At Massage Parlour

Zamaera highlighted the absence of a female officer, asking why there wasn't one to handle a case involving a woman if recording was part of their SOP.

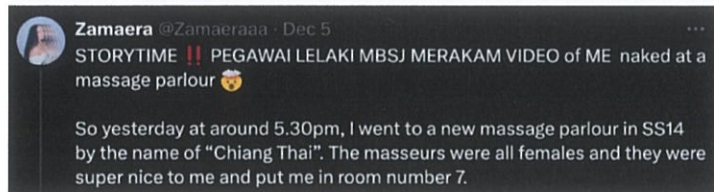

BY SHAHRIL BAHROM  
DECEMBER 6, 2024

Local rapper Sharifah Zamaera Syed Zafelin Al Edros, better known as Zamaera, recently accused a Subang Jaya City Council (MBSJ) officer of secretly recording her while she was unclothed during a massage session at Chiang Thai massage parlour in SS14, Subang Jaya.

In a series of posts on social media platform X (formerly Twitter) yesterday (5 December), Zamaera detailed the alleged incident which, according to her, happened around 5:30pm.

She had visited the new parlour to try out their services, noting that the masseuses there were very nice to her.

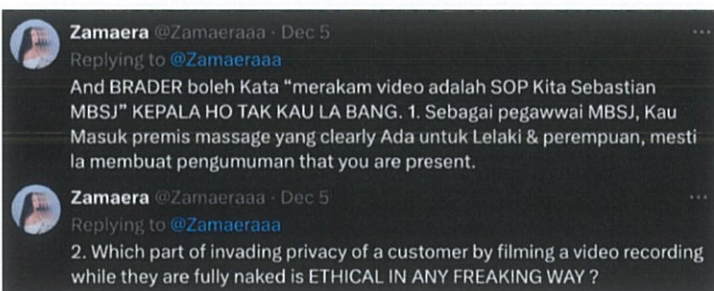

According to her, after about 15 minutes into her massage, she heard male voices speaking in Malay.

"They were making so much noise, I was honestly tempted to shush them but I wanted to relax and feel stress-free as we all do when getting a freaking massage," she said.

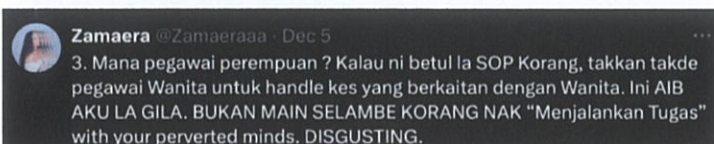

The rapper claimed that an officer had recorded her while she was unclothed.

She claimed that when she confronted them asking who had recorded her, one of the officers allegedly justified the act saying recording was part of the MBSJ's standard operating procedures.

"As MBSJ officers, you enter a premises that is clearly for men and women, you must announce your presence," she said in the X post.

Zamaera also highlighted the absence of a female officer, asking why there wasn't one to handle a case involving a woman if this was truly their SOP.

Through an [instagram video](#) she posted yesterday, she recounted the entire incident as well, in even more detail.

Zamaera explained that she overheard one of them asking "Guy or girl?" repeatedly just outside her room, which was covered by a curtain.

At some point during her massage, she said she noticed some light leaking into her room. Since she was lying face down on the massage bed, she turned around to check and saw a man holding a phone camera aimed right at her exposed body.

Moments later, after she had gotten dressed, Zamaera confronted the officers and asked for the perpetrator to come forward.

Although the officers did take videos of the premises, the recording of Zamaera was not found.

At press time, the council has yet to issue a statement on this allegation.

Sharifah Zamaera Al Edros Syed Zafilen said the officer denied the incident, claiming no video evidence existed even though she saw him record her. (Instagram pic)

**PETALING JAYA:** Local rapper Sharifah Zamaera Al Edros Syed Zafilen has accused a Subang Jaya City Council (MBSJ) officer of secretly recording her while she was undressed during a massage session in SS14.

In a series of posts on X, the rapper known as Zamaera detailed her ordeal, accusing the officer of entering the establishment and recording a video of her while she was covered only in a towel.

Zamaera said she was in room seven at the Chiang Thai massage parlour when several Malay-speaking men, purportedly MBSJ enforcement officers, entered the premises.

"They were making so much noise," she said, adding that she initially tried to ignore them to enjoy her massage.

However, Zamaera claimed one officer filmed her while she was exposed during the session. When confronted, the officer allegedly justified the recording by saying it was part of MBSJ's standard operating procedures.

"Which part of invading the privacy of a customer by recording them naked is ethical in any way?" she questioned.

Zamaera said the officer later denied the incident, claiming no video evidence existed even though she saw him record her.

She criticised the officers for failing to announce their presence at the establishment, accusing them of behaving unprofessionally.

"If you're entering a massage parlour, you need to make an announcement. Instead, you sneak in and violate someone's privacy."

The rapper called out the authorities, demanding accountability for the alleged misconduct.

It is understood that she has lodged a police report regarding the incident.

FMT has reached out to MBSJ and the police for comments on the matter.

Sharifah Zamaera Al Edros Syed Zafilen said the officer denied the incident, claiming no video evidence existed even though she saw him record her. (Instagram pic)

**PETALING JAYA:** Polis sedang menyiasat dakwaan seorang pegawai Majlis Bandaraya Subang Jaya (MBSJ) merakam penyanyi rap wanita tempatan ketika beliau tidak berpakaian di sebuah pusat urut di SS14.

Ketua Polis Subang Jaya Wan Azlan Wan Mamat berkata, pegawai MBSJ itu telah memfailkan laporan berhubung kejadian itu.

Menurutnya, pegawai itu melaporkan pasukan yang memeriksa pusat urut itu diarah merakam video dan mengambil gambar sebagai bukti operasi perniagaan dan untuk mengesahkan pematuhan syarat pelesenan.

"Hasil pemeriksaan, premis tidak mempunyai lesen perniagaan yang sah daripada MBSJ dan menyalahi undang-undang bawah Undang-Undang Kecil Pusat Kecantikan dan Perniagaan Kesihatan 2013," kata Wan Azlan dalam kenyataan.

Beliau berkata, pegawai itu turut melaporkan pasukannya diprovokasi oleh wanita itu yang enggan bekerjasama apabila diminta kad pengenalan, selain 'mempertikaikan tindakan dokumentasi oleh pihak serbuan'.

Katanya, pegawai itu menegaskan bahawa pasukannya mengikuti prosedur operasi standard (SOP) ketika menjalankan pemeriksaan.

Khamis lepas, penyanyi rap tempatan Sharifah Zamaera Al Edros Syed Zafilen membuat beberapa hantaran di platform media sosial X menuduh anggota penguat kuasa merakam videonya ketika beliau hanya bertuala.

Zamaera berkata, beliau berada di dalam sebuah bilik di pusat urut Chiang Thai apabila beberapa lelaki dipercayai anggota penguat kuasa MBSJ memasuki premis itu.

Dakwanya, apabila didesak, anggota penguat kuasa yang dikatakan merakamnya berkata, tindakannya merupakan sebahagian SOP MBSJ.

Anggota itu kemudian menafikan merakam Zamaera dan berkata tiada video sedemikian, walaupun beliau nampak anggota itu merakamnya.

Difahamkan Zamaera turut membuat laporan polis berhubung kejadian itu.

Wan Azlan berkata, polis akan menjalankan siasatan menyeluruh berdasarkan dua laporan itu bawah Seksyen 186 dan 509 Kanun Keseksan serta bawah Seksyen 233 Akta Komunikasi dan Multimedia 1998.

## M'sian Rapper Claims MBSJ Officers Filmed Her While Unclothed During Massage Parlour Raid in Subang

Published 3 days ago December 6, 2024  
by Renushara

Malaysian rapper, Zamaera, took to her [Instagram page](#) to share how officers from the Subang Jaya City Council (MBSJ) had allegedly filmed her while she was in an unclothed state when they raided a massage parlour in SS14, Subang.

In her video, she shared that she had gone to the new massage parlour alone at around 5:30pm on Wednesday (December 4). After sharing about how she always opts for a female masseuse, she launched into the shocking story.

During her massage session in one of the small rooms in the parlour, she suddenly heard the loud voices of men coming from the lobby area of the outlet.

"They were being loud, they were being rowdy."

Not knowing what was going on, as Zamaera apparently didn't hear the group identify themselves as MBSJ officers, she decided to ignore the voices and carry on with her massage.

### This is where things went south

While she faced the wall of the room, she sensed that someone had opened the curtain into her massage area, causing her to turn her head to see who it was.

It was then that Zamaera saw an MBSJ officer looking into the room while he had a phone in his hand pointed at her, **allegedly filming in her direction**.

"Essentially, the towel (used in massages to cover private areas) was already lower than my butt, you could definitely see my booty crack," she explained.

## M'sian Rapper Claims MBSJ Officers Filmed Her While Unclothed During Massage Parlour Raid in Subang

Published 3 days ago December 6, 2024  
By Renushara

Considering Zamaera's unclothed state, the masseuse told the officer that there were only ladies there and Zamaera, herself, **scolded the officer for violating her privacy**. The commotion caused the officer to flee from the entrance of the massage room.

Angered by the invasion of privacy, Zamaera used a towel to cover herself while she peeped out of the massage room to see what was going on.

"Who took the video?" she yelled to the group at the massage parlour's lobby, where she saw 12 to 15 MBSJ officers, some in uniform and others in plain clothes.

After immediately putting on her clothes, she started recording the scene as she confronted the officers for violating her privacy and filming her in an unclothed state.

"I told them, 'I'm Zamaera, I'm a Subang Jaya resident, I was in a massage when suddenly, someone among you filmed me, who was it? I was unclothed.'"

"I was filming their faces, if you look closely at the footage, you can see all their faces and they didn't want to say anything. They know that they're guilty, they know that they've done something wrong and they didn't want to say anything," she said.

## M'sian Rapper Claims MBSJ Officers Filmed Her While Unclothed During Massage Parlour Raid in Subang

Published 3 days ago · December 6, 2024  
by Renushara

**One of the officers suddenly spoke up, angry that Zamaera was accusing them of being inappropriate**

"Who is doing inappropriate things? I didn't know that obscene things were happening here," he said, referring to women being in an unclothed state to receive massages.

She then questioned the SOPs of their raid, alleging that the officers didn't identify themselves as being from MBSJ and did not announce themselves when one of them opened the curtain to her massage room.

"Do you think the SOP is for you to walk in unannounced, quietly open the curtains of female customers and film them without saying who you are? Is that your SOPs?" she asked, to which the officer said, "Yes, that's our SOP from our boss."

**Not knowing where to go from there, she called her father who gave her advice**

Having calmed down, Zamaera approached the same officer she had argued with and told him she wanted to settle things in a peaceful manner.

She asked that the officer who filmed her and other customers (there was another female customer, an elderly woman, who had also been filmed) reveal himself and apologise if they did not want her to make a police report or take this issue to court. **But, no one stepped up.**

Suddenly, a different officer approached Zamaera to show her one of the videos the officers had filmed, which she attempted to AirDrop to herself but couldn't due to the officer's phone setting while she watched it.

As Zamaera described it, the video showed the officers entering the massage parlour without identifying themselves and the elderly woman in an unclothed state in her massage room before it cut off abruptly.

"He said to me, 'Hah, where? Did you see yourself being filmed?', and I said, 'No, the video of me is not here'," she explained.

They went back and forth about this, and Zamaera attempted to record the video that was playing on the officer's phone, but the officer prevented it.

**The officers allegedly tried to stop her from leaving**

Unhappy with how things were going, Zamaera said she was going to make a police report and attempted to leave but was stopped by the officers.

One of the officers asked for her IC to record it, which once again escalated things.

Zamaera pointed out to the officer that she didn't have to provide them with her IC as they were not police officers.

## M'sian Rapper Claims MBSJ Officers Filmed Her While Unclothed During Massage Parlour Raid in Subang

Published 3 days ago · December 6, 2024  
by Renushara

**"We can prosecute you for not letting us do our jobs," the officer responded.**

She then told them that if they wanted to record her IC, they could follow her to the nearby police station and do it there.

"I literally just walked. I said 'I'm going to make a police report right now, you can follow me if you want to', and none of them stopped me," she said.

### A police report was lodged

She then went to the SS17 police station to make a report. After doing so, she immediately made her way to the Subang Jaya District Police Station Headquarters for a follow-up as instructed by the SS17 police officers.

Zamaera shared that she felt validated and relieved as the police officers at the SS17 station were understanding and informed her that **what the MBSJ officers did was wrong.**

However, one officer at the Subang Jaya District Police Station Headquarters did question whether any 'private parts' were filmed.

She explained that the towel covering her buttocks had moved during the massage, hence a portion of her buttocks would be seen in the video. But, the officer ultimately shared his belief that nothing wrong happened as "no private parts were filmed".

**"It's unethical, it's disgusting. What if it was your own wife, what if it was your own daughter? Even if it was your sons or your husbands? Would you allow something like this to happen?"**

Thankfully, the other police officers there still recorded her statement and accepted her report on this matter.

Zamaera ended her video by sharing that the police officers told her to visit MBSJ, which she did.

The MBSJ officer she spoke to at the city council allegedly **acknowledged that what happened to her was wrong** and asked her to come back again to meet their higher-ups, which she did this morning (December 6).

She also shared what she wants MBSJ to do to right this wrong.

"I want an issued statement from MBSJ stating that there was misconduct from their officers during this operation, that it was wrong for them to do so. I want the officers in charge, or the officers who spoke to me to apologise for misusing their power, misusing their position, and their behaviour should not be condoned," she said.

She also wants MBSJ to list out what their SOPs are during such operations.

LOCAL rapper Zamaera is demanding an apology from a Subang Jaya City Council (MBSJ) official who allegedly recorded her without consent while she was getting a massage on Wednesday.

Zamaera, whose real name is Sharifah Zamaera Syed Zafilen Al Edros, also wants MBSJ to issue a statement on the standard operating procedure (SOP) for operations at such establishments, and that they do not condone the actions of its officer.

In a series of posts on social media platform X (formerly Twitter) yesterday (5 December), Zamaera detailed the alleged incident which, according to her, happened around

5:30 pm.

She said in one of her posts that she heard the curtain from her room open and when she turned around, she saw a man in sunglasses holding up his phone camera and taking a video of her.

"My masseuse kept on saying this is a female room and after saying that when I turned around again, the man was still filming me with his phone.

"I was lying on my tummy with my face on one side and only had a towel covering part of my body.

"I immediately covered myself in a towel and peeped out, only to find many men claiming to be MBSJ officers at the place.

"Some were in uniform and some were in plain clothes," she said.

Why was there no female officer?

Zamaera also highlighted the absence of a female officer, asking why there wasn't one to handle a case involving a woman if this was truly their SOP.

Moments later, after she had gotten dressed, Zamaera confronted the officers and asked for the perpetrator to come forward.

Although the officers did take videos of the premises, the recording of Zamaera was not found.

Zamaera said she was disgusted by the way the officers had conducted themselves and had filed a police report, as well as a complaint at MBSJ against its officers.

"I feel that my privacy has been violated.

"I do not feel safe as a woman," she said. - December 6, 2024

## Polis siasat dakwaan penyanyi wanita dirakam penguat kuasa ketika diurut

© December 7, 2024 8:45 pm

KUALA LUMPUR, 7 DIS: Polis sedang menyiasat dakwaan seorang penyanyi rap wanita tempatan dirakam secara rahsia ketika serbuan oleh Bahagian Operasi Majlis Perbandaran Subang Jaya (MBSJ) di sebuah pusat kecantikan dan kesihatan di Subang Jaya pada Rabu lepas.

Ketua Polis Daerah Subang Jaya ACP Wan Azlan Wan Mamat berkata pihaknya telah menerima dua laporan mengenai kejadian itu, masing-masing oleh MBSJ berkaitan serbuan yang ditularkan di media sosial oleh penyanyi tersebut dan laporan oleh penyanyi terbabit mendakwa dirakam ketika dirinya tidak berpakaian semasa diurut.

Beliau berkata semasa serbuan dilakukan, pengadu (MBSJ) telah mengarahkan anggota serbuan untuk merakam video dan mengambil gambar untuk membuktikan aktiviti yang berkaitan urutan selain daripada pemeriksaan perniagaan.

"Hasil pemeriksaan mendapati premis berkenaan tidak mempunyai lesen perniagaan sah MBSJ dan menyalahi undang-undang di bawah Undang-undang Kecil Pusat Kecantikan dan Penjagaan Kesihatan 2013," katanya dalam kenyataan hari ini.

Sementara itu, Wan Azlan berkata polis juga menjalankan siasatan kes menghalang penjawat awam berhubung seorang wanita tempatan tidak mengemukakan kad pengenalan diri kepada pasukan serbuan, selain mempertikaikan tindakan dokumentasi yang dijalankan.

"Siasatan awal mendapati wanita terbabit turut melakukan provokasi dan merakam tugas pihak serbuan menggunakan telefon bimbit miliknya. Pengadu kemudian bersama suspek turut membuat pemeriksaan telefon bimbit anggota yang didekwa merakam video sebelum mendapati tiada gambar video atau gambar wanita itu yang dirakam," katanya.

Beliau berkata pengadu turut menjelaskan telah mengikuti prosedur operasi standard (SOP) yang ditetapkan mengikut peruntukan undang-undang kepada wanita berkenaan.

Wan Azlan berkata polis juga sedang menyiasat laporan wanita itu berhubung rakaman rahsia yang didakwa, bersama-sama dengan laporan daripada MBSJ.

Beliau berkata siasatan akan dijalankan terhadap laporan yang dibuat oleh kedua-dua pihak di bawah Seksyen 186/509 Kanun Keseksaan dan Seksyen 233 Akta Komunikasi dan Multimedia 1998 atas kesalahan menghalang penjawat awam daripada menjalankan kerja-kerja jawatannya, mengabaikan kehormatan pelanggan serta penulatan video penugasan operasi yang dijalankan pihak MBSJ.

Baru-baru ini tular satu video dimuat naik di media sosial oleh seorang penyanyi rap tempatan mendakwa beliau telah dirakam oleh seorang pegawai MBSJ secara rahsia ketika tidak berpakaian semasa menjalani perkhidmatan urutan di sebuah pusat kecantikan dan kesihatan di Subang Jaya.

A COMMUNITY run for World Diabetes Day brought together over 2,000 participants to raise awareness about the illness in Subang Jaya, Selangor.

Diabetes Dash: Empowering Steps to Wellness by Subang Jaya Medical Centre (SJMC), now in its fifth edition, attracted a diverse group of individuals.

Members of the public, professional runners, healthcare workers and SJMC staff took time out to show their commitment to tackling the diabetes epidemic.

The event also marked SJMC's 39th anniversary.

In a press statement, the medical centre said diabetes continues to be a significant health concern in Malaysia, with one in six adults affected – roughly 3.6 million people, or 15.6% of the adult population.

If left unaddressed, these figures are projected to rise to seven million by 2025.

To combat this, SJMC's multi-disciplinary team of endocrinologists, diabetes educators and nurses provides early detection, education and ongoing support to help individuals take proactive steps towards better health.

"Lifestyle modification is the most effective strategy to prevent the progression of diabetes," said SJMC consultant endocrinologist Dr Hew Fen Lee, who is also event committee advisor.

"This can be achieved through reducing daily calorie intake and engaging in regular physical activity such as running, brisk walking, swimming, or cycling for at least 150 minutes per week."

# Dashing to increase awareness of diabetes

## 2,000 join medical centre's community run in Subang Jaya

Winner and supporters including ACP Wan Azlan (left) next to Balachandran; Lin (centre in black) and Chia (right) next to Syed Shahril Anuar.

SJMC chief executive officer Bryan Lin said, "Events like Diabetes Dash highlight the critical role regular exercise and a balanced diet play in diabetes prevention."

"The sense of community also plays a vital part in raising awareness and encouraging others to prioritise their health in

the fight against this growing epidemic."

The event featured multiple categories from a 3km fun run to competitive 10km and 21km races.

Among honoured guests were MBSJ councillors Balachandran Naicker and Ken Chia, as well as Asia OneHealthcare managing

director and group chief executive officer Dr Chan Boon Kheng.

Also showing their support were senior officials from local authorities, including Subang Jaya district police chief Asst Comm Wan Azlan Wan Mamat and Subang Jaya fire station chief Syed Shahril Anuar Syed Sulaiman.

"Tackling diabetes requires just medical intervention but community-wide awareness action," Balachandran said.

"SJMC's efforts to educate and empower individuals through events like this play an important role in promoting a healthier, more informed society."

Chia said, "We commend SJMC for its invaluable contribution to the well-being of our community. Together, we can work towards a healthier future."

SJMC also donated glucose monitoring devices worth RM19,000 to underprivileged patients through Action4Diabetes, a non-governmental organisation. Diabetes Dash: Empowering Steps to Wellness offered participants the chance to compete for cash prizes totalling RM21,600.

Reinforcing its commitment to holistic health, SJMC sponsored entries for its employees and hosted running clinics to encourage staff wellness.

SJMC said the initiative complemented its other programmes such as Growing Well Together (GWT) on managing chronic conditions like obesity and diabetes.

# Klang folk happy state govt and MBDK taken to task

By WANI MUTHIAH  
wani@thestar.com.my

**KLANG:** Residents here agree with the criticism by the Sultan of Selangor against the state government and Klang Royal City Council (MBDK) over the lack of cleanliness and constant flood problems.

Pandamaran New Village resident Tan Wei Lun, 25, said both the state government and MBDK deserved the tongue lashing from Sultan Sharafuddin Idris Shah.

"Very very good as they deserved it," he added.

He said his house would be flooded even though the rain was not heavy.

"When it rains, dirty water from the clogged drains will flow into my house and the entire area will be flooded," said Tan, who would send a complaint to MBDK every time it flooded.

Palm Grove resident Subhash Kumar, 60, said it would take just 30 minutes of rain for his house to be flooded.

He was told at meetings with the relevant government agencies that a clogged drain was one of the reasons for the floods.

"It seems that a nearby mall was built over a big 'zig zag' drain

**Sore sight:**

Rubbish and waste dumped in drains, such as this one along Jalan Papan in Pandamaran, Port Klang, result in frequent flooding in the city. — KK SHAM/The Star

which cleaners cannot access.

"Now the plan is to acquire nearby plot of land to divert the drain," said Subhash, who acts as a deputy Rukun Tetangga chairman of his housing estate.

In his Royal Address at the inauguration of the new Masjid Jamek Cina Muslim Klang last week, Sultan Sharafuddin said he was saddened that many places in the

royal city were poorly managed and the Klang River was also filled with garbage.

Sultan Sharafuddin ordered both MBDK and the Selangor government to immediately initiate measures to overcome the constant flooding without making any excuses.

Sultan Sharafuddin's disdain was indeed justified as visits to

several spots in the city revealed garbage that was overgrown by weeds.

When contacted, state executive councillor in charge of local councils Datuk Ng Suee Lim said a meeting was held immediately after Sultan Sharafuddin issued the order.

"The entire exco team and Menteri Besar Datuk Seri Amirudin Shari discussed the matter at length as well as looked into every possible solution to overcome the issues.

"We will also be meeting all the relevant agencies and the Klang mayor," he added.

Klang Mayor Abd Hamid Hussain was sworn in on Dec 2 to replace Datin Paduka Noraini Roslan who retired on Nov 20.

Ng said the state government would also peruse the criteria stipulated in the contract with KDEB Waste Management (KDEB) on domestic waste collection.

KDEB, which is owned by the Selangor government, was appointed to collect and manage domestic waste in the state in 2016.

"Perhaps there is a need for extra budget and the frequency of garbage collection be increased.

"But most importantly, since

Klang has been upgraded to a city, the residents must also 'upgrade' their mentality and refrain from throwing rubbish indiscriminately," he added.

Selangor executive councillor in charge of infrastructure Izham Hashim said major flood mitigation plans managed by both the state and federal governments costing RM37bil was now underway in Selangor.

"They will take about three to four years to be completed and we are currently upgrading existing infrastructure to mitigate and minimise the impact of floods," he added.

Izham said short-term measures were also being carried out to manage the drainage system as well as diverting water flow as the Klang River does not have the capacity to handle excessive rainfall.

Both Ng and Izham said they would obey the orders issued by Sultan Sharafuddin and carry out the work to mitigate the problem of rubbish and floods in the state.

MBDK Environmental Services Department director Zaireezal Ahmad Zainuddin said the council would increase its operations to deal with indiscriminate dumping of rubbish.

By VIJENTHI NAIR  
vijenthi@thestar.com.my

MOTORISTS driving along Persiaran Semarak Api in Cyberjaya will soon enjoy the beautiful sight of a thriving padi growing project at Kebun Bandar, as Sepang Municipal Council (MPSepang) plans to extend the fields up to the roadside.

The initiative was inspired by former MPSepang president Datuk Abd Hamid Hussain, who envisioned offering travellers views of padi, reminiscent of the landscapes in Sekinchan, Sabak Bernam and Kuala Selangor.

What began as a pilot project with one 0.01acre lot early last year has expanded to seven lots, totalling 0.07acres.

Encouraged by the successful harvests, the council is considering using another 0.2ha of vacant land at the edge of the farm, next to the road, to expand the project.

During the harvest last month, Abd Hamid, who is now Klang mayor, said water management was the primary challenge in maintaining the padi plants.

"When there is no rain, the lots dry out, and we need to pump water from a nearby drain.

"During heavy rainfall, the lots get flooded, and we must pump out excess water.

"Additionally, there is apple snail infestation that threatens damage to the crops," he said.

# Cyberjaya's urban padi field beckons tourists

Kebun Bandar project being expanded as picturesque attraction for motorists

Dressed in traditional attire, MPSepang staff enjoy a fun time harvesting padi together at Kebun Bandar.

Abd Hamid believes the project has great potential as a tourist attraction, as padi fields are

rare so close to the city.

With Visit Selangor Year next year, he said the padi lots could

Arefah says MPSepang plans to harvest padi three times a year, with each cycle lasting four months.

become a unique draw for visitors to Cyberjaya.

"The farm also has three resident cows and some chickens.

"While visitors to private padi fields may hesitate to touch the

plants, here they can feel the crop because it belongs to the council.

"They can also get close to the animals.

"In addition to padi, the farm is home to over 400 types of young trees, adding to the natural charm of the site," he added.

MPSepang Landscape Department director Arefah Rahim said the plan was to harvest padi three times a year, with each cycle taking four months.

"Each cycle costs around RM10,000, mainly for seeds and fertilisers.

"We received guidance from the Sepang Agricultural Department and are planting the Siraj 297 variety, which is a high yield, high quality rice.

"Each lot can yield between 10kg and 13kg of rice," she said.

"The produce is typically showcased at municipal council events and booths, as well as distributed to the public for consumption."

## 'DBKL needs to revisit Desa Sri Hartamas illegal food court issue'

The dirty drain behind a food court in Desa Sri Hartamas which is operating illegally. — Filepic

By LEW GUAN XI  
lewguanxi@thestar.com.my

STRICTER enforcement needs to be taken against an illegal food court in Desa Sri Hartamas, Kuala Lumpur.

Kuala Lumpur advisory board member Andre Lai is urging Kuala Lumpur mayor Datuk Seri Maimunah Mohd Sharif and DBKL's top management to revisit this issue.

"The mayor has vowed to make Kuala Lumpur a liveable and loveable city.

"This cannot be achieved when such illegal activities persist," he said in reference to the illegal food court.

A letter by Federal Territories of Kuala Lumpur Lands and Mines Office on March 1 ordered the food court's owner to vacate the site following the discontinuation of its operating licence.

Lai said despite the notice, the food court continued to operate.

"We have set precedents in our previous enforcement operations

such as the one at Jalan Sultan.

"If we can enforce in Chinatown, I am sure we can do the same in Desa Sri Hartamas."

In a *StarMetro* article titled "Locals stew over illegal food court" on Oct 24, it was reported that the food court's operating licence had been terminated by DBKL due to the lack of a building permit and poor hygiene conditions.

The food court reportedly did not have proper public health infrastructure such as grease traps, filtration and drainage systems.

There have been talks about the food court being turned into a multi-storey carpark, with one floor reserved for the existing hawkers, according to the report.

After the report was published, authorities including Indah Water Consortium (IWK), National Water Services Commission (SPAN) and DBKL visited the food court.

In a statement to *StarMetro*, IWK said its inspections revealed

that the food court's drainage system was impacted by significant amounts of fats, oils and grease (FOG).

"IWK conducted three visits and clearing services on a manhole near the food court in late October," it said.

However, excessive FOG could still be found in the grease trap, the cleanliness of which, IWK said, was the food court owner's responsibility to maintain.

IWK said it had informed DBKL about the matter and the local authority had since carried out a follow-up visit.

Meanwhile, SPAN, which visited the food court with IWK, found no sewerage issues.

"SPAN also did not detect any bad odour as stated by complainants because only a few stalls were operating in the morning," it said in a statement.

SPAN added that it had requested IWK to continue monitoring the food court.

DBKL has yet to respond to queries.

# Kepong folk tired of risky roads, trees

Residents in Jalan Lang Kelabu call on DBKL to carry out maintenance

By FARID WAHAB  
faridwahab@thestar.com.my

POTHLES, unpruned trees and poorly maintained playground are among issues plaguing residents of Jalan Lang Kelabu in Kepong, Kuala Lumpur.

They are calling on Kuala Lumpur City Hall (DBKL) to step up maintenance to prevent accidents and ensure residents' safety.

Keith Sean Arul, 51, said the area's many potholes were posing risks to motorists.

"There is one in front of my house which has been there for decades," he said.

He also pointed to some parts

of the drain around the children's playground that were badly damaged.

He said residents occasionally pooled funds to hire contractors for repairs but this was not sustainable.

Resident K. Thanasekaran, 39, raised concerns about untrimmed bushes around the playground.

He said the bushes might collect rainwater and facilitate mosquito proliferation.

"We have lots of mosquitoes in the evening. It's worrying as my mother has contracted dengue before," he said.

Checks by *StarMetro* also found a handful of unpruned trees near residents' homes.

A resident using a makeshift bridge to access the playground area. Those living in Jalan Lang Kelabu are seeking maintenance of road, trees and amenities. — AZLINA ABDULLAH/The Star

Residents are worried these trees could fall onto people or damage their property.

The playground surface was uneven and covered in algae, posing fall risks.

A pile of rubbish was spotted, too.

There were also wooden planks placed over the drain around the playground as a makeshift bridge for residents to access the area.

Kepong community activist Yee Poh Ping said he had sent a letter to DBKL asking for immediate maintenance and upgrades.

"Residents need a walkway in the playground area. They also need a proper bridge to access the facility," he said.

Earlier this year, DBKL said it would undertake several maintenance and upgrading works in nearby areas, following a

*StarMetro* report on July 9.

These included building a drain in Suria Homes to solve water-ponding issues and fixing the playground equipment in Taman Sri Segambut.

A study was also carried out to identify the necessary measures to upgrade Taman Usahawan Kepong.

On Dec 6, Yee said DBKL had inspected the site but no repairs had been made.

# DBKL urged to have clear standards for signboards

By LEW GUAN XI  
lewguanxi@thestar.com.my

KUALA Lumpur City Hall (DBKL) needs to give more clarity on its signboard ruling, business owners in the capital city say.

Persatuan Peniaga & Penjaja Jalan Alor secretary Simon Ang, when contacted, agreed that while using Bahasa Malaysia on signboards was important, it might not make a difference to businesses in tourist areas.

"Some businesses in tourist spots mainly target international tourists who may not understand the language.

"Including Bahasa Malaysia on signboards is sufficient.

"DBKL should have engaged with businesses first to discuss the issue.

"Thorough studies and research need to be done before enforcing," Ang added.

Malaysia Retailers Association council member Ricky Ng said the language ruling would not significantly impact businesses in tourist areas.

"Businesses there will be fine as long as there are other languages on the signboards relevant to their target customers and tourists," he said.

While it was not an issue for Bahasa Malaysia words to be larger, DBKL should set a clear standard for size differences between languages, Ng said.

"DBKL should also notify business owners of non-compliance and provide a reasonable time-frame, such as 60 days, to rectify their signboards before taking them down," he added.

*StarMetro* reported that DBKL carried out an enforcement operation on Nov 21 across almost all parliamentary constituencies in Kuala Lumpur after the end of seven-day notices which were issued to non-

compliant businesses.

In response to criticism, DBKL said Bahasa Malaysia wordings on business signboards must be larger than words in other languages to uphold its role as Malaysia's national and official language.

However, City Hall clarified that if a business, association or company name registered under the Registration of Businesses Act 1956, Companies Act 1965 or Societies Act 1966 contained words not in Bahasa Malaysia, those words need not be translated into the national language.

Ng says DBKL should have a clear standard for size differences between languages on signboards.

THE covered walkway and pedestrian bridge linking Plaza Rakyat LRT station to Jalan Pudu in Kuala Lumpur will be upgraded, say two Kuala Lumpur advisory board members.

The project will be a joint effort by Kuala Lumpur City Hall (DBKL) and Prasarana Malaysia Bhd.

Kuala Lumpur advisory board member Andre Lai said different stretches of the two structures fell under the purview of the two agencies.

"A decision was made during a recent joint meeting with all relevant parties, to upgrade and beautify the structures," he said.

"The pedestrian bridge linking the elevated LRT station to the street level is close to 30 years old.

"It was part of the Plaza Rakyat development and would have been rebuilt to be included in the project once it was completed.

"However, since the Plaza Rakyat development was halted, the pedestrian bridge remains a temporary structure."

While regular maintenance has been carried out, Lai said the structure was old and needed to be upgraded.

He thanked Prasarana and Rapid Rail for their cooperation as Plaza Rakyat LRT station was one of the busiest for tourists and locals.

"Since Kuala Lumpur is hosting the Asean Summit next year and Visit Malaysia Year is scheduled for 2026, there is an urgent need to beautify the area," he said.

During a site visit to the pedestrian bridge, which is under Prasarana's purview, *StarMetro* observed that parts of the hoarding shielding users from the rain was damaged while the roof

# Revamp ahead for bridge and walkway

appeared to be slightly sunken.

However, the steel platform for pedestrians to walk on looks to be still in fair condition.

The covered walkway on the street level, which is under DBKL's jurisdiction, was dirty and peppered with graffiti.

Kuala Lumpur advisory board member Carmen Leong said the

pedestrian bridge was in need of urgent repairs.

"Some parts of the railing are rusty and the lighting needs to be upgraded," she said.

"The upgrades will ensure pedestrian safety and provide a more comfortable environment for public transport users."

Leong said the upgrades along

the stretch managed by DBKL included repairing faulty features and wall repainting.

"For the stretch managed by Prasarana, we have scheduled a meeting to finalise the details," she said.

*StarMetro* reached out to Prasarana for comment but yet to receive one at press time.

## Disabled trader in Jalan Alor appeals for licence after being displaced four times

A DISABLED handicraft trader is appealing to Kuala Lumpur City Hall (DBKL) to grant him a trading licence after his lot was taken over for the fourth time.

Daniel Ng Boon Hee said he had been running a handicraft stall along Jalan Alor in Bukit Bintang, Kuala Lumpur, for over 20 years.

The 60-year-old said he was classified as a person with disability following a childhood polio episode that caused his legs to develop abnormally and remain smaller than a regular adult's limbs.

Ng is also battling stage 1 cancer and recently underwent kidney surgery, which forced him to take a break from work.

However, when he wanted to resume work on Sept 21, Ng discovered that his usual spot had been occupied by a durian stall.

The durian stall operator claimed to have a tenancy agreement with a nearby convenience store.

*StarMetro* learnt that the agreement had been terminated, as it required the stall to be located closer to the convenience store.

Despite this, the durian sellers have continued operating, thus leaving Ng displaced.

"Although I have tried applying many times, DBKL informed me years ago that I didn't need

Ng (in dark blue T-shirt) at his kiosk in front of the durian stall after being advised by the association to continue trading there. — AZLINA ABDULLAH/The Star

a licence.

"But other traders have repeatedly taken over my lot whenever I was away. This has happened four times since 2014.

"My child has just started university and the expenses are a heavy burden, so I need to continue my business to earn a liv-

ing," said Ng, who is his family's sole breadwinner and commutes daily from Sungai Buloh to Jalan Alor.

He appealed to DBKL to grant him a licence to ensure he had proper documentation to show other traders.

Ng was speaking during a

press conference organised by the Jalan Alor Traders and Hawkers Association.

Association secretary Simon Ang said the durian operator's stall had also encroached beyond a faded yellow line that marked traders' lots along the road.

"We have highlighted the matter to Bukit Bintang MP Fong Kui Lun who raised the issue with the Kuala Lumpur mayor on Oct 17," said Ang.

"It has been several weeks since the tenancy agreement was terminated, yet the durian stall continues operating at the site.

"No action has been taken by DBKL despite the numerous complaints lodged," he added.

Ang urged DBKL to license traders such as Ng to prevent further disputes, while recommending that the faded yellow lines marking the lots be repainted to provide clear demarcation.

He noted that the durian stall operator has given some space for Ng to set up his kiosk.

"Fong said he met the mayor and she promised to give the trader a business licence, but it is yet to be granted," Ang added.

At press time, DBKL had not responded to *StarMetro*'s request for comments.

# Permanent shelters to be built

Temporary flood relief centres have high maintenance costs, says Zahid

**SUNGAI BESAR:** The government is working to set up nine permanent evacuation centres (PPK) to mitigate the damage to schools being used as temporary relief centres (PPS) during floods, says Datuk Seri Dr Ahmad Zahid Hamidi.

The Deputy Prime Minister said one PPK will be set up in each high-risk state to address the high maintenance costs incurred after the disaster.

"We found that the cost of renovating schools that were used as PPS was high, especially when

classrooms had to be renovated as some schools did not have halls," Ahmad Zahid said when met by reporters after the Rural Road project handover ceremony here yesterday.

Previously, National Disaster Management Agency (Nadma) director-general Datuk Khairul Shahril Idrus said the government planned to build nine PPKs nationwide, complete with basic facilities for flood victims.

Ahmad Zahid, who is also National Disaster Management Committee chairman, said 32

Bailey bridges are being built in flood-affected locations nationwide.

He said currently, the Public Works Department (JKR), in collaboration with the Malaysian Army Corps of Engineers, is implementing soil testing processes at seven locations, among others.

"These Bailey bridges will be mobilised to areas where bridges or roads have collapsed and are impassable.

"I would also like to express my gratitude to JKR and the Army

Corps of Engineers for their cooperation," he said, Bernama reported.

He said two Bailey bridges have already been installed in Kelantan, namely in Rantau Panjang and Pasir Mas.

Regarding the handover of the project, Ahmad Zahid, who is also Rural and Regional Development Minister, said that RM17.7mil has been allocated to upgrading works for Jalan Nipah, Tali Air 13 and Peket 100 in the Sabak Bernam district.

He said this involved a savings

of RM400,000 from the original allocation of RM18.1mil.

Ahmad Zahid added that savings should serve as a model for JKR in other districts as such feat can be achieved through effective monitoring by the tractor, JKR and the ministry, mutually benefiting the people.

SELANGOR has plans to transform the state into a hub for rose onions and its seeds, aiming to achieve self-sufficiency.

State infrastructure and agriculture committee chairman Izham Hashim said more than 80.9ha had been allocated under the People's Income Initiative (IPR) for onion cultivation in Selangor.

Izham added that the state was partnering with Universiti Putra Malaysia to improve breeding, seeding, and crop production techniques.

"We aim to address potential diseases from the outset," he said during a visit to Selangor Fruit Valley in Bestari Jaya to witness the inaugural harvest of rose onions in the state.

The Ehsan Rose Onion Crop project by Selangor Agricultural Development Corporation (PKPS) yielded 28 tonnes of small red onions in its first harvest phase, covering 3.2ha.

PKPS Group chief executive officer Dr Mohamad Khairil Mohamad Kazi said the project spanned 10ha, divided into three phases – 3.2ha for the first, 3.6ha for the second, and 3.2ha for the third phase.

"The entire 10ha will be operational by Jan 1 next year, with maximum harvest capacity anticipated by March 2025 – yielding an estimated four tonnes per acre," he said at the harvesting ceremony at Selangor Fruit Valley in Kuala Selangor, as reported by Bernama.

Planting costs per acre amount to RM16,800, including labour and utilities.

Agriculture Department director-general Datuk Nor Sam Alwi was also present.

The harvested onions will be available at PKPS-managed locations, such as Ehsan Mart, Ehsan Segi Fresh stores, and the Selangor wholesale market.

Rose onions are notable for their pungent aroma and are commonly used in Indian and Malay dishes.

### Better yields using tech

Mohamad Khairil said the company relied on technology to enhance yields.

"We employ Internet of

Rose onions are available for sale at Ehsan Mart, Ehsan Rahmah Sales outlets, Ehsan Segi Fresh stores and the Selangor wholesale market.

Rose onions harvested as part of the first phase of the project. Malaysians reportedly consume 1.2kg of onions per person per year.

Drones are used to spray fertiliser on crops. IoT is also used extensively to monitor and optimise fertiliser use, manage nutrients, and ensure cost and resource efficiency in real-time at the farm.

Things' (IoT) technology to monitor and optimise fertiliser use, manage nutrients, and ensure cost and resource efficiency in real-time," he said.

Data is collected and analysed through the Smart Ehsan Onion app.

"According to recent data, the average price of imported rose onions from India is about RM7.82 per kg, with price varia-

tions due to location, supplier, import costs, product quality and market demand," he said.

With support from the Agriculture and Food Security Ministry and the state government, he is optimistic that the project will meet local demand, stabilise rose onion prices, and bolster both Selangor and national food security.

Mohamad Khairil said a study

was underway at the Selangor Fruit Valley's Agriculture Centre of Excellence to enhance high-quality onion production.

"We use the Bangalore Rose Onion, known for its disease resistance and adaptability to various climates," he said.

The study, now in its fourth month, aims to provide insights for commercial-scale production, with the current rose onion

type requiring about 135 days to harvest.

Deputy Agriculture and Food Security Minister Datuk Arthur Joseph Kurup previously highlighted six states, namely Perak, Selangor, Perlis, Penang, Pahang, and Kelantan, to achieve 30% self-sufficiency in production of local onion by 2030.

Agriculture and Food Security Minister Datuk Seri Mohamad Sabu said during a February Parliament session that Malaysians consumed 1.2kg of onions per person annually.

In 2022, Malaysia imported 687,000 metric tonnes of onions worth RM1.58bil, including 38,000 metric tonnes of shallots valued at RM81.5mil for domestic consumption.

Mohamad said the high cost of import was because Malaysia relied 100% on imported onions and garlic from India, China, Thailand, Pakistan and the Netherlands.

He also outlined the ministry's strategy to reduce reliance on imported red onions, including doing research on producing suitable seedlings, particularly to grow shallots locally.

## Polis siasat kes penyanyi rap wanita dirakam ketika sedang diurut

**SUBANG JAYA** - Polis menjalankan siasatan berhubung dakwaan seorang penyanyi rap wanita yang mendakwa dirinya dirakam secara rahsia ketika serbuan dijalankan di sebuah pusat kecantikan dan kesihatan di Subang Jaya, Rabu lalu.

Ketua Polis Daerah Subang Jaya, Asisten Komisioner Wan Azlan Wan Mamat berkata, siasatan mendapati sebelum itu serbuan dijalankan pasukan dari Bahagian Operasi Majlis Bandaraya Subang Jaya (MBSJ) di lokasi berkenaan.

Menurut beliau, ketika serbuan dilakukan, pengadu telah mengarahkan anggotanya untuk merakam video dan

mengambil gambar bagi membuktikan aktiviti yang berkaitan dengan urutan selain melakukan pemeriksaan lesen perniagaan di premis tersebut.

"Hasil pemeriksaan mendapati premis berkenaan tidak mempunyai lesen perniagaan sah MBSJ dan telah menyalahi undang-undang di bawah Undang-undang Kecil Pusat Kecantikan dan Penjagaan Kesihatan 2013," katanya menerusi kenyataan pada Sabtu.

Jelas beliau, pasukan serbuan juga tidak diberikan kad pengenalan diri oleh seorang wanita tempatan selain individu itu mempertikaikan tindakan dokumenta-

si yang dijalankan.

"Siasatan awal mendapati wanita terbabit turut melakukan provokasi selain merakam tugas pihak serbuan menggunakan telefon bimbit miliknya.

"Pengadu kemudiannya bersama suspek turut membuat pemeriksaan telefon bimbit anggota terlibat yang didakwa merakam video sebelum mendapati tiada gambar video atau gambar wanita itu yang dirakam," katanya.

Wan Azlan menambah, pengadu turut menjelaskan telah mengikuti prosedur operasi standard (SOP) yang ditetapkan.

"Laporan polis dibuat pengadu ber-

kaitan serbuan yang ditularkan dalam media sosial manakala wanita terbabit turut sama membuat laporan berkaitan dakwaan telah dirakam ketika dirinya tidak ber-baju semasa diurut.

"Siasatan dijalankan berdasarkan laporan kedua-dua pihak di bawah Seksyen 186/ 509 Kanun Keseksaan dan Seksyen 233 Akta Komunikasi dan Multimedia 1998," katanya.

Terdahulu penyanyi tersebut membuat beberapa hantaran di platform X mendakwa pegawai terbabit memasuki premis itu serta merakam video dirinya yang hanya ditutupi dengan tuala.

Encorp Klasik Run 2024 tonjol nilai sejarah, budaya masyarakat Malaysia dalam larian sejauh 5km

Oleh MOHD AZLIM ZAINURY  
SHAH ALAM

**T**rend peserta maraton berpakaian unik tidak asing lagi dalam kalangan peminat serta penganjur sukan larian jarak dekat di Malaysia.

Encorp Klasik Run 2024 turut menampilkan perkara sama apabila sebahagian 3,000 peserta larian sejauh lima kilometer (km) yang dianjurkan mengenakan pakaian tradisional.

Peserta lelaki lengkap berbaju Melayu dan bertanjak manakala peserta wanita pula berbaju kurung Kedah.

Rata-rata peserta ditemui menyifatkan aktiviti tersebut bukan sahaja menyihatkan badan malah dapat menonjolkan nilai sejarah dan budaya masyarakat di negara ini.

Peserta, Datin Norsyela Jaafar, 47, berkata, keharmonian yang terbentuk dalam kalangan masyarakat sejak sekian lama juga dapat diperkukuhkan menerusi aktiviti larian santai sejauh lima kilometer itu.

"Ini juga menjadi kenangan indah tambahan pula larian ini merupakan

tanjak dan berlari sejauh 5km bersama peserta lain," ujarnya.

Bagi Muhammad Hafni Shauqi, 32, pula, tema unik diketengahkan menarik minatnya untuk menyertai larian berkenaan.

"Saya berharap pakaian tradisional yang menjadi kebanggaan masyarakat Melayu ini tidak hilang ditelan zaman," ujarnya.

## Tanah lapang awam perlu diwartakan segera - Kor Ming

34  
9/12

Kor Ming (kiri) meninjau ruang pameran sempena pelancaran Dasar Landskap Negara 2.0 dan Majlis Sentuhan Kejayaan KPKT 2024 di Taiping pada Ahad.

TAIPING - Kementerian Perumahan dan Kerajaan Tempatan (KPKT) menggesa pihak berkuasa tempatan (PBT) menyegerakan proses pewartaan tanah lapang awam di kawasan masing-masing bagi mengelak disalah guna.

Menterinya, Nga Kor Ming berkata, berdasarkan statistik Jabatan Perancangan Bandar dan Desa (PLAN Malaysia), ketika ini terdapat 20,868 hektar tanah lapang awam di seluruh negara yang boleh dibangunkan.

Bagaimanapun, katanya, daripada jumlah itu hanya 39 peratus telah diwartakan manakala selebihnya belum.

"Saya sudah arahkan semua PBT untuk lakukan pewartaan ini tahun depan supaya tanah itu dapat

dijadikan tapak sesuai yang boleh diberi peruntukan oleh Jabatan Landskap Negara dan Jabatan Kerajaan Tempatan untuk dibangunkan sebagai *open space* kegunaan komuniti setempat.

"Dulu, oleh kerana tidak diwartakan telah memberi ruang dan peluang disalah guna termasuklah dijadikan komersial membina kedai dan sebagainya," katanya.

Beliau berkata demikian kepada pemberita selepas menyempurnakan pelancaran Dasar Landskap Negara 2.0 dan Majlis Sentuhan Kejayaan KPKT 2024 untuk Jabatan Landskap Negara di sini pada Ahad.

Kor Ming berkata, secara dasarnya, tanah lapang awam diserahkan oleh pihak swasta dan pemaju dengan menyediakan suatu kawasan

lapang dan dirizabkan sebagai kegunaan awam di kawasan yang dibangunkan.

"Tanah ini telah pun diserahkan oleh pihak swasta, jadi PBT kena kemukakan kepada Pejabat Tanah supaya kawasan ini dapat diwartakan secepat mungkin," ujarnya.

Sementara itu, dalam ucapanannya, beliau berkata, KPKT menerusi Jabatan Landskap Negara berjaya membangunkan 109 projek pembangunan landskap di seluruh negara melibatkan perbelanjaan RM51.9 juta.

Menurutnya, antara projek fizikal yang siap dibangunkan tahun ini adalah pembangunan taman awam wawasan di Kepala Batas, landskap perbandaran Pekan di Pahang dan Dungun di Terengganu.

## Hanya 0.13 peratus tidak tandatangan SSPA 84 9/12

**BATU KAWAN** - Hanya 0.13 peratus daripada 1.5 juta penjawat awam tidak menandatangani opsyen Sistem Saraan Perkhidmatan Awam (SSPA) yang tamat pada 30 November lepas, menjelang pelaksanaan sistem itu yang berkuat kuasa pada 1 Disember ini.

Ketua Pengarah Perkhidmatan Awam (KPPA), Tan Sri Wan Ahmad Dahlan Abdul Aziz berkata, jumlah itu sangat kecil kerana ia hanya melibatkan 1,400 penjawat awam yang tidak memilih SSPA.

"Sebenarnya bagi saya, ini satu perkara yang biasa kerana dalam SSPA itu kita memberi pilihan sama ada menerima ataupun tidak, sama juga semasa kita melaksanakan Sistem Saraan Malaysia (SSM) iaitu kita nak berpindah daripada Sistem Saraan Baru (SSB), ada juga yang tidak menerima.

"Bagi mereka yang tidak menerima (SSPA), saya percaya ada pertimbangan-pertimbangan khusus bagi mereka dan pastinya mereka tidak dapat menikmati kelebihan yang kita tawarkan dalam sistem SSPA. Jadi, tidak ada paksaan," katanya di sini pada Ahad. - Bernama

# Tumpu penggunaan AI perkasa ekonomi digital

Dalam dunia yang semakin pesat berkembang ini, kecerdasan buatan (AI) bukan lagi sekadar teknologi tetapi satu keperluan untuk kemajuan dan pembangunan di hari-hari mendatang.

Kecerdasan buatan kini menjadi penggerak utama dalam pelbagai sektor seperti ekonomi, kesihatan, pendidikan, pertanian, dan keselamatan.

Teknologi ini mampu memacu pembangunan mampan, meningkatkan daya saing dan memperkasakan kehidupan rakyat.

Bagi Exco Warisan dan Adat Istiadat Melayu, Teknologi, Inovasi dan Digital Negeri Sembilan, Datuk Mohd Faizal Ramli merangkap Ahli Dewan Undangan Negeri (ADUN) Linggi, perkara berkenaan antara yang

mendapat perhatiannya supaya potensi AI dapat dimaksimumkan sekali gus dapat meningkatkan ekonomi negeri ini termasuk kualiti penyampaian perkhidmatan kepada rakyat.

Ikuti temu bual wartawan *Sinar Harian*, **NORAFIDAH ASSAN** bersama Mohd Faizal bagi mengupas lebih lanjut potensi AI tersebut.

## MASSAGE CENTRE RAID

NSR 8/12

# Cops probing into claims by female rapper, MBSJ officer

**KUALA LUMPUR:** Police have launched investigations into various allegations that surfaced after a Subang Jaya City Council (MBSJ) team raided a massage parlour in SS14 recently, where a local female rapper was undergoing a session.

The female rapper claimed that an MBSJ officer had secretly recorded her while she was unclothed.

And the incident is also being investigated for obstructing civil servants from carrying out their duties after the woman allegedly provoked the raiding team and disseminated footage of the raid on social media.

Subang Jaya police chief Assistant Commissioner Wan Azlan Wan Mamat said an MBSJ officer and the female rapper had lodged reports over the incident.

He said the MBSJ officer had instructed his raiding party to record videos and take photos as evidence when they raided a beauty and wellness centre in Subang Jaya at 6pm on Dec 4.

"Upon inspection, it was found that the premises was operating without a licence from MBSJ.

"During the inspection, the raiding party was provoked by a local woman, who refused to provide her identification card and questioned the documentation carried out by the team.

"Preliminary investigations showed that the complainant and his team were provoked by the woman, who also recorded the MBSJ team using her mobile phone," Wan Azlan said yesterday.

He said the MBSJ officer and the woman then reviewed the footage on the team members' devices and found no images or videos of the latter.

"The MBSJ officer lodged a police report regarding the clip of the raid, which was circulated on social media by the woman.

"The woman, in turn, filed a police report claiming that the raiding party had recorded her without clothes during a massage," he said.

According to a news portal report, the rapper alleged on X that she heard male voices about 15 minutes into her session.

The rapper further claimed that an officer had recorded her while she was unclothed. Unhappy with the situation, she confronted the raiding party and asked who had recorded her.

FROM JAN 1

## Childcare centres must display registration number

**KUCHING:** All childcare centres licensed by the Social Welfare Department must display their registration number from Jan 1.

Women, Family and Community Development Minister Datuk Seri Nancy Shukri said the move was necessary to assure parents of the licensing status of childcare centres where their children are placed.

"My ministry is often questioned about unregistered childcare centres.

"So now, we are making it compulsory for childcare centres to display their registration number so that guardians sending their children can know that the centres are registered," she said at a programme with the Sarawak media here on Saturday night.

She said the initiative was among the ministry's main agendas for 2025.

Nancy said other agendas for the upcoming year included rolling out the Autism Learning Fee Assistance initiative and the development of an autism service centre, involving allocations of RM15 million and RM5 million, respectively.

"The prime minister announced this during the 2025 Budget. It is a new initiative aimed at ensuring the welfare of autistic children.

"It is time for the government to provide focused support and early intervention for autistic children without placing them alongside non-autistic children," she said. **Bernama**

## Rasuah projek RM250 juta, Datuk, staf awam ditahan

**PETALING JAYA** – Dua individu termasuk seorang pengarah bergelar Datuk direman bagi membantu siasatan selepas disyaki terlibat rasuah berkait projek pembinaan di Sarawak bernilai kira-kira RM250 juta.

Turut ditahan seorang penjawat awam berusia dalam lingkungan 40-an.

Perintah reman selama empat hari sehingga 9 Disember itu dikeluarkan Majistret Mason Jaro Lenya Barayan selepas permohonan dibuat Suruhanjaya Pencegahan Rasuah Malaysia (SPRM) di Mahkamah Majistret Kuching, kelmarin.

Menurut sumber, kedua-dua suspek dipercayai berpakat dan berkomplot bagi membolehkan beberapa syarikat mendapat projek pembinaan

dikeluarkan pejabat kerja raya sebuah daerah di Sarawak.

"Mereka dipercayai telah melakukan perbuatan itu antara tahun 2022 hingga 2024 sebagai balasan mendapatkan projek-projek pembinaan yang bernilai kira-kira RM250 juta.

"Susulan itu, kedua-dua suspek ditahan sekitar pukul 5.30 pagi ketika hadir memberi keterangan di Pejabat SPRM Sarawak, selain turut disahkan positif dadah jenis methamphetamine," katanya.

Sementara itu, Ketua Pesuruhjaya SPRM, Tan Sri Azam Baki mengesahkan penahanan tersebut dan kes disiasat di bawah Seksyen 17 Akta SPRM 2009 selain beliau tidak menolak kemungkinan beberapa tangkapan susulan bagi membantu siasatan.

# Kuasa media boleh digunakan untuk perangi rasuah

### SAUDARA PENGARANG,

**PERANAN** media tradisional membantu Suruhanjaya Pencegahan Rasuah Malaysia (SPRM) diakui dapat membanteras sebahagian kes rasuah terutama daripada segi laporan yang sahih dan tidak sensasi untuk menarik perhatian.

Seperti yang kita tahu, rasuah merosakkan integriti dalam sektor awam dan swasta kerana ia menjadi jalan pintas untuk memperoleh projek atau peluang, walaupun bertentangan dengan undang-undang dan etika.

Dalam keghairahan mencari berita, media juga mempunyai

tanggungjawab supaya tidak menghasilkan berita spekulasi salah, salah faham dan menjejaskan reputasi pihak tertentu.

Pengamal media perlu peka terhadap pelbagai agenda terselindung yang dimainkan oleh pihak tertentu untuk meraih simpati atau menyerang kredibiliti kerajaan, di mana agensi penguat kuasa seperti SPRM kerap dijadikan kambing hitam demi memenuhi kepentingan mereka.

Wartawan perlu membuat laporan seimbang dan berlandaskan fakta supaya berita lebih adil, serta tidak menjatuhkan hukuman ke atas individu yang belum disabitkan

Bagi sesetengah golongan, khususnya warga emas, media cetak dianggap lebih boleh dipercayai berbanding sumber digital."

bersalah.

Sehubungan itu, media tradisional berperanan besar dalam menyebarkan maklumat dan membentuk persepsi

masyarakat tentang rasuah.

Bagi sesetengah golongan, khususnya warga emas, media cetak dianggap lebih boleh dipercayai berbanding sumber digital.

Liputan meluas media memberikan tekanan kepada pihak berkuasa untuk bertindak tegas untuk memastikan individu terlibat diheret ke muka pengadilan.

Media adalah sekutu penting dalam perjuangan menentang rasuah. Dengan liputan yang luas dan keupayaan mempengaruhi persepsi masyarakat, media membantu meningkatkan kesedaran tentang bahaya rasuah dan kepentingan integriti.

Gabungan antara media cetak, elektronik, dan sosial memberikan impak maksimum dalam usaha membanteras rasuah.

SPRM mengiktiraf peranan penting media dalam menyebarkan maklumat tentang kes rasuah, salah guna kuasa, dan penyelewengan.

Dengan sokongan media, usaha SPRM untuk membanteras rasuah mendapat perhatian masyarakat dan meningkatkan kesedaran orang ramai tentang bahaya rasuah.

Kuala Lumpur

Usaha dilakukan kerajaan Madani bagi meningkatkan pelbagai sektor, dari segi dasar, ekonomi, kebajikan, pendidikan dan lain-lain lagi memuaskan hati rakyat.

Mereka melihat usaha kerajaan Madani dipimpin Perdana Menteri Datuk Seri Anwar Ibrahim termasuk membanteras rasuah dalam kalangan penjawat awam serta sektor swasta dan memberikan peluang kepada syarikat kecil dan sederhana tempatan mendapat projek mega kerajaan antara yang harus dipuji bagi memastikan negara bergerak ke hadapan.

Peguam, Ahmad D Iman, 36, berkata, arahan tegas dibuat Perdana Menteri berhubung membanteras rasuah, salah guna kuasa dan penyelewengan wang dalam sektor awam dan swasta yang adalah langkah yang sangat wajar dan kritikal untuk memastikan pentadbiran telus dan berintegriti.

"Langkah tegas membanteras rasuah akan membantu memulihkan keyakinan rakyat terhadap integriti kerajaan dan institusi awam. Kepercayaan rakyat adalah asas penting untuk kestabilan politik dan sosial negara.

"Rasuah memberi kesan negatif kepada ekonomi dengan meningkatkan kos menjalankan perniagaan dan melemahkan keyakinan pelabur. Dengan memperkukuh tadbir urus yang bebas rasuah, Malaysia dapat menarik lebih banyak pelaburan asing dan domestik," katanya.

Menurutnya, beberapa kes yang agensi penguatkuasaan tuduh di mahkamah menunjukkan bukti kerajaan Madani mengotakan janjinya membersihkan agensi kerajaan serta syarikat swasta yang memberikan dan menerima rasuah supaya jenayah itu dapat dikurangkan pada masa hadapan.

Justeru kata Ahmad, rakyat perlu menyokong usaha berkenaan supaya lebih ramai penjawat awam serta swasta tidak berani untuk melakukan jenayah berkenaan, sekali gus segala urusan di antara kerajaan, pihak swasta dan rakyat dapat dilakukan dengan jujur serta tiada keborosan.

"Pastikan semua pihak

# Tiada kompromi terhadap rasuah

Usaha kerajaan Madani sekat ketirisan dapat pujian

ARAHAN tegas dibuat Perdana Menteri berhubung membanteras rasuah, salah guna kuasa dan penyelewengan wang dalam sektor awam dan swasta yang adalah langkah yang sangat wajar.

## INFO

Semakin ramai rakyat mendapatkan rawatan di klinik kesihatan dan hospital kerajaan yang menawarkan caj rawatan dan perkhidmatan murah serta berpatutan, mengikut jenis penyakit

yang terlibat dalam rasuah, tanpa mengira jawatan atau kedudukan, dihadapkan ke muka pengadilan. Tiada kompromi terhadap sebarang bentuk amalan rasuah.

"Cuma saya nak cadangkan supaya agensi penguatkuasaan dapat ditingkatkan menyediakan sumber manusia, teknologi, dan kewangan supaya mereka dapat menjalankan siasatan secara menyeluruh dan bebas.

"Selain itu, perkuatkan perlindungan kepada

pemberi maklumat (*whistleblowers*) untuk menggalakkan lebih ramai individu tampil melaporkan rasuah tanpa rasa takut," katanya.

Bagi pengerusi sebuah badan bukan kerajaan (NGO) mengenai kesihatan kanak-kanak, G Lavaniyah, 39, berkata, beliau berpuas hati dengan gerak kerja kerajaan meningkatkan sektor kesihatan supaya lebih ramai yang mendapat akses bagi mendapatkan rawatan yang terbaik.

Menurutnya, beliau melihat semakin ramai rakyat mendapatkan rawatan di klinik kesihatan dan hospital kerajaan yang menawarkan caj rawatan dan perkhidmatan murah serta berpatutan, mengikut jenis penyakit.

"Pengumuman tambahan lebih RM4 bilion untuk Kementerian Kesihatan Malaysia (KKM) bagi menaik taraf klinik dan hospital awam mulai tahun hadapan merupakan masa tepat untuk kerajaan menambah baik kerosakan

yang terdapat pada dua pusat kesihatan itu bagi menampung jumlah pesakit yang semakin ramai.

"Saya sendiri kadang-kadang mendapatkan rawatan di klinik kesihatan kerana caj mendapat rawatan amat berpatutan. Kalau pergi ke klinik swasta, mungkin saya kena bayar berkali ganda mahal," katanya.

Namun, Lavaniyah berharap kerajaan menambah lebih banyak hospital yang dapat merawat penyakit kanser, yang dilihatnya

masih perlu mendapat lebih perhatian kerana jumlah pesakit yang lebih ramai.

Katanya, penyakit itu cepat merebak ke anggota lain dan boleh menyebabkan kematian sekiranya tidak didiagnosis awal serta mendapat rawatan kimoterapi lebih cepat.

"Ketika ini, tidak banyak hospital yang menawarkan prosedur pengesanan kanser serta rawatan kimioterapi, terutama sekali di Sabah dan Sarawak. Malah kanser juga boleh dihidapi bayi.

"Apapun, saya optimis kerajaan akan berusaha meningkatkan kemudahan rawatan kanser di seluruh negara pada tahun mendatang. Cuma diharap, langkah lebih pantas dapat dibuat supaya lebih ramai pesakit dapat dirawat," katanya lagi.

Pelajar universiti Maria Madelina Kiri, 22, berkata, kesungguhan kerajaan membanteras kemiskinan tegar amat dialu-alukan memandangkan kos sara hidup yang semakin meningkat saban tahun.

Ujarnya, pemberian se-sebuah bantuan tidak sepatutnya dilihat kepada warna kulit dan agama, tetapi perlu dilihat kepada tahap kemampuan seseorang individu dan keluarga untuk berbelanja pada setiap hari.

"Di kampung saya di Kerubong, Sarawak, masih ramai yang hidup susah, selain mengalami masalah kekurangan infrastruktur seperti mendapat bekalan air.

"Kalau betul kerajaan lepas ini bagi bantuan kepada semua dengan seadilnya, saya gembira mendengar berita tersebut. Harap ia dapat direalisasikan," katanya.

Beliau juga memuji kesungguhan kerajaan untuk menyelesaikan segala tuntutan Sabah dan Sarawak dalam Perjanjian Malaysia 1963 (MA63) yang amat dinantikan rakyat dalam usaha melihat dua wilayah berkenaan maju seiring Semenanjung Malaysia.

Misalnya, penyerahan kuasa kawal selia Gas Petroleum Cecair (LPG) kepada Sarawak dapat membantu kerajaan negeri itu menambah pendapatan yang boleh digunakan untuk menambah infrastruktur yang masih kurang.

"Ucapan terima kasih kepada kerajaan Madani dan Perdana Menteri kerana bersungguh-sungguh mahu negara ini untuk pergi lebih maju dan sentosa," katanya.

# 'Penat asyik bersih kedai'

## Penduduk dakwa longkang tak diselenggara dipenuhi tanah, pasir

**L**ongkang dipenuhi dengan tanah serta pasir yang tidak diselenggara didakwa menjadi antara punca banjir melanda di sekitar daerah ini dengan yang terbaharu ialah pada minggu lalu.

Penduduk memaklumkan, longkang seharusnya diselenggara secara berkala untuk memastikan tiada sampah tersumbat ataupun ia tidak cetek bagi menampung kapasiti air hujan yang tinggi.

Warga Meru, Siti Akma Ismail, 52, berkata, pada Disember saban tahun, dia sekeluarga 'lali' dengan banjir terutama apabila hujan lebat lebih satu jam.

Katanya yang juga peniaga kedai makan, mereka 'letih' dengan isu banjir yang tidak selesai walaupun parit di hadapan rumah dan kedainya sudah dinaik taraf beberapa tahun lalu.

"Minggu lalu, air naik separas betis di pekarangan kedai selepas hujan tidak berhenti lebih daripada satu jam.

"Saya terpaksa mengemas kerusi dan perkakasan berniaga ke tempat lebih tinggi kerana risau air paras akan terus meningkat seperti 2021. Bagaimanapun, kali ini, banjir cepat surut.

"Parit ini dalam tetapi akibat tidak diselenggara, ia mungkin sudah cetek dengan tanah dan pasir yang dibawa arus. Akibatnya, ia tidak dapat menampung kapasiti air hujan yang banyak seterusnya menyebabkan kawasan rumah dan kedai saya dinaiki air," katanya ditemui, semalam.

KEADAAN longkang di sekitar Pekan Meru, Klang. - Gambar NSTP/FAIZ ANUAR

Ditanya adakah penduduk membuat aduan berkaitan longkang tidak diselenggara, Siti Akma berkata, aduan dibuat tetapi tindakan lambat.

"Setiap kali Disember menjelma, kami bersedia sahaja. Penat sebenarnya kerana perlu bersihkan kedai dan rumah setiap kali dilanda banjir tetapi apa yang kami boleh buat?," katanya.

Seorang lagi peniaga, Norarita Mohamed, 40, memaklumkan, dia pernah menegur kontraktor yang mengorek longkang secara acuh tidak acuh.

Katanya, pembinaan longkang berkenaan adalah

baik kerana ia lebih besar dan dalam.

"Bagaimanapun, ia tiada guna jika tidak diselenggara sebaiknya kerana masalah banjir akan terus berlaku.

**"Setiap kali Disember menjelma, kami bersedia sahaja. Penat sebenarnya kerana perlu bersihkan kedai dan rumah setiap kali dilanda banjir tetapi apa yang kami boleh buat?"**

**Siti Akma Ismail**

"Sepatutnya, kontraktor perlu mengorek pasir sampai habis kerana ia berkumpul di dalam longkang. Longkang ini boleh tam-

pung air hujan dua ke tiga jam, tetapi akibat kerja acuh tidak acuh pihak kontraktor, air melimpah selepas hujan lebat selama satu jam.

"Saya berharap, jika kerja selenggara longkang dilakukan, ada wakil pihak berkaitan memantau kerja kontraktor supaya mereka laksanakan tugas dengan betul.

"Saya yakin, jika longkang dan parit diselenggara dengan betul, banjir di kawasan ini dapat dikawal. Sebagai penduduk dan peniaga di kawasan ini, kami juga akan lega kerana tidak perlu bersusah-payah memindahkan barang setiap

kali hujan lebat," katanya.

Penduduk Pelabuhan Klang, Saharudin Omar, 39, memberitahu, kawasan pelabuhan banyak dihuni golongan B40 dan kawasan berkenaan seolah-olah tidak dipandang oleh pihak berkuasa, termasuk membabitkan aspek kebersihan.

"Jadual pembersihan kalau kita tengok tak teratur, bila ada event tertentu, baru kelim-kabut buat pembersihan," katanya.

Menurutnya, pemantauan selain pemeriksaan susulan juga tidak dibuat oleh pihak tertentu selepas sesuatu projek atau kerja naik taraf dilakukan.

Terdahulu, tinjauan dilakukan di Jalan Perindustrian Kapar-Meru, Jalan Meru-Setia Alam dan pekan Meru mendapati, persekitaran kawasan itu dalam keadaan baik dan mungkin ia baru sahaja dibersihkan susulan banjir minggu lalu.

Untuk rekod, tinjauan dibuat selepas Sultan Selangor, Sultan Sharafuddin Idris Shah murka dan dukacita dengan kebersihan Bandar Diraja Klang ketika bertitah pada perasmian Masjid Jamek Cina Muslim Klang, kelmarin.

Kelmarin, Sultan Selangor bertitah, baginda dimaklumkan oleh anggota masyarakat, malah pelancong, termasuk pelancong kapal persiaran yang masuk melalui Pelabuhan Klang, yang menyatakan pemandangan di Pelabuhan Klang dan Bandaraya Diraja Klang begitu tercemar dengan sampah sarap dan amat menjijikkan.

# Syor kerajaan laksana reformasi sistem kesihatan menyeluruh

HM 9/12

**Kuala Lumpur:** Kerajaan dicadang melaksanakan reformasi sistem kesihatan secara menyeluruh untuk menangani isu ketidakamanan akses dan memastikan perkhidmatan kesihatan yang mampan untuk semua.

Ketua Pegawai Eksekutif Gabungan Persatuan-persatuan Pengguna Malaysia (Fomca), Dr T Saravanan, berkata dengan kenaikan premium insurans perubatan yang tinggi tanpa kawalan, pengguna akan terus dibebani, sehingga memberi tekanan terhadap sistem kesihatan awam.

Justeru, katanya, tindakan proaktif daripada pihak ber-

kuasa adalah penting untuk memastikan perkhidmatan kesihatan yang adil dan berpatutan kepada semua.

"Kerajaan juga perlu memperkukuh mekanisme kawalan dan pemantauan harga bagi mengelakkan kenaikan kos perubatan yang tidak munasabah."

"Fomca juga menekankan pentingnya meningkatkan kualiti perkhidmatan kesihatan awam untuk memastikan akses yang saksama kepada semua lapisan masyarakat."

"Selain itu, kerjasama antara sektor awam dan swasta perlu digalakkan bagi menyediakan perkhidmatan kesihatan yang ber-

**"Kerajaan juga perlu memperkukuh mekanisme kawalan dan pemantauan harga bagi mengelakkan kenaikan kos perubatan yang tidak munasabah"**

*Ketua Pegawai Eksekutif Gabungan Persatuan-persatuan Pengguna Malaysia (FOMCA), Dr T Saravanan*

kualiti dan berpatutan," katanya semalam.

Bank Negara Malaysia (BNM) mengarahkan penanggung insurans dan pengendali takaful (ITO) untuk menyemak strategi penentuan semula harga untuk memastikan pelaksanaan yang lebih wajar.

Menurut BNM, hal ini termasuk menguruskan

secara berterusan kenaikan premium/sumbangan dengan mengambil kira impak terhadap pemegang polisi/peserta takaful.

Kelmarin, Timbalan Menteri Kewangan, Lim Hui Ying, dilaporkan berkata, syarikat insurans dan pengendali takaful (ITO) sudah menyatakan persetujuan untuk mengambil lang-

kah wajar termasuk meneliti semula cadangan menaikkan harga premium insurans perubatan yang dijangka meningkat sehingga 70 peratus tahun depan.

Terdahulu, Perdana Menteri, Datuk Seri Anwar Ibrahim juga menegaskan proses berhubung kenaikan premium insurans perubatan masih dalam rundingan.

Beliau dilaporkan berkata, Bank Negara Malaysia (BNM) hanya akan memuktamadkan berhubung kadar premium insurans itu setelah rundingan semula diadakan dengan pihak berkaitan.

Pada masa sama, mengu-

las mengenai jangkaan kenaikan itu, Saravanan berkata, ia akan memberi beban yang signifikan kepada pengguna, terutamanya golongan M40 dan B40.

Beliau berkata, peningkatan itu boleh menyebabkan ramai yang tidak mampu meneruskan polisi insurans mereka, sekali gus memaksa mereka bergantung kepada perkhidmatan kesihatan awam yang sedia ada.

"Ahli Parlimen Bayan Baru, Sim Tze Tzin turut menekankan bahawa kenaikan premium ini berkait rapat dengan peningkatan kos rawatan di hospital swasta yang tidak terkawal," katanya.

**HARIAN METRO**

# Hanya 1,400 penjawat awam tak pilih SSPA

**Batu Kawan:** Hanya kira-kira 1,400 penjawat awam sahaja yang tidak menandatangani Skim Saraan Perkhidmatan Awam (SSPA) selepas tempoh opsyen diberi selama 40 hari berakhir pada 30 November lalu.

Ketua Pengarah Perkhidmatan Awam (KPPA), Tan Sri Wan Ahmad Dahlan Abdul Aziz, berkata jumlah itu dilihat kecil daripada keseluruhan 1.5 juta penjawat awam ketika ini.

Beliau berkata, penjawat awam yang tidak memilih opsyen itu adalah perkara biasa yang mereka mungkin sudah membuat segala pertimbangan yang sewajarnya.

"Dalam hal ini (penjawat awam yang tidak memilih SSPA) kita tidak ada paksaan kerana perca-

ya ada pertimbangan khusus yang dibuat mereka, tetapi kerajaan sentiasa membuat sesi libat urus bagi mereka yang tidak memilih (opsyen) ini supaya tidak menyesal di kemudian hari.

"Selepas tempoh berakhir pada 30 November lalu, didapati yang tidak menandatangani SSPA ini hanya 0.13 peratus, iaitu sekitar 1,400 daripada 1.5 juta penjawat awam yang mereka ini terdiri dalam kumpulan pengurusan, pelaksana dan ada juga profesional," katanya kepada pemberita selepas Majlis Penutup Kampung Angkat

Wan Ahmad Dahlan

MADANI Jabatan Perkhidmatan Awam (JPA) di Pulau Aman, di sini semalam.

Wan Ahmad Dahlan berkata, beliau juga sudah melaporkan perkara itu kepada Perdana Menteri, Datuk Seri Anwar Ibrahim dalam mesyuarat jawatan-kuasa Kabinet baru-baru ini.

"Perdana Menteri gembira dengan pencapaian ini serta pihak kami mengucapkan tahniah dan syabas kepada pasukan yang telah melaksanakan program SSPA ini dengan baik," katanya.

Sementara itu, Wan Ahmad Dahlan berkata, pihaknya juga ti-

dak melanjutkan atau membuka semula tawaran itu sekiranya ada penjawat awam yang tidak menandatangani opsyen berkenaan secara tiba-tiba terbuka hati mau memilih skim terbabit.

"Sebenarnya hal ini sangat jelas yang kita sudah memaklumkan bahawa tarikh akhir untuk memilih SSPA adalah pada 30 November lalu. Jadi apabila melepasi tarikh ini, maka tidak akan ada lagi ruang untuk mereka yang tidak memilih SSPA," katanya.

Sebelum ini dilaporkan pegawai awam mempunyai tempoh opsyen selama 40 hari bermula 21 Oktober hingga 30 November untuk memilih sama ada SSPA atau kekal dengan Sistem Saraan Malaysia (SSM).

## PBT diminta bantu NADMA kumpul maklumat kerugian premis

Aiman Athirah menyampaikan bantuan kepada mangsa banjir pada Program Lawatan Turun Padang Operasi Monsun Timur Laut Kelantan di Kota Bharu, semalam. (Foto Siti Rohana Idris/BH)

Kota Bharu: Kementerian Perumahan dan Kerajaan Tempatan (KPKT) meminta pihak berkuasa tempatan (PBT) di seluruh negara membantu Agensi Pengurusan Bencana Negara (NADMA) mengumpul maklumat kerugian dialami premis bangunan atau kediaman akibat banjir.

Timbalan Menteri Perumahan dan Kerajaan Tempatan, Datuk Aiman Athirah Sabu, berkata setakat ini kementerian itu belum memperoleh statistik kerugian dan masih mengumpul maklumat berkaitan.

"PBT telah diarahkan melihat ruang (bentuk) yang boleh kita bantu melalui KPKT dan kita turut berikan perhatian terhadap mangsa banjir.

"Pasukan kita telah bersiap

sedia lebih awal, kesan masuk air ke premis atau kediaman adalah perkara biasa cuma apa-apa kerosakan itu perlu ada rekod yang sah untuk dinilai," katanya.

Beliau berkata demikian kepada pemberita selepas Program Lawatan Turun Padang Operasi Monsun Timur Laut Kelantan, di sini semalam.

Sementara itu, Aiman Athirah turut mengingatkan penduduk yang tinggal di kawasan rendah supaya berwaspada termasuk di Kuala Krai yang dijangka mengalami banjir bermula esok hingga Jumaat ini.

"Orang ramai perlu peka keadaan cuaca semasa dan berpindah lebih awal jika perlu," katanya. **BERNAMA**

# Pendapatan Boleh Guna Bersih ukuran tepat basmi kemiskinan

Felo Penyelidik,  
Pusat Pengajian  
Pembangunan Ungku  
Aziz (UAC),  
Universiti Malaya

Oleh Dr Cheah Chan Fatt  
bhrencana@bh.com.my

9/12/24

**Pendapatan Boleh Guna Bersih (NDI)** sebagai pengganti Pendapatan Garis Kemiskinan (PGK) untuk mengukur kemiskinan di Malaysia adalah satu langkah signifikan dalam usaha mendapatkan gambaran lebih tepat mengenai kesejahteraan ekonomi rakyat Malaysia.

NDI merujuk kepada jumlah pendapatan boleh digunakan individu atau keluarga selepas ditolak semua perbelanjaan wajib seperti cukai pendapatan, caruman Pertubuhan Keselamatan Sosial (PERKESO), zakat, Kumpulan Wang Simpanan Pekerja (KWSP) dan perbelanjaan asas lain.

Ini memberikan gambaran lebih jelas mengenai jumlah wang benar-benar tersedia bagi individu atau isi rumah untuk perbelanjaan harian serta menyara keperluan hidup.

Penggunaan NDI sebagai pengukur kemiskinan mempunyai beberapa kelebihan berbanding PGK. Pertama, NDI memberikan gambaran lebih tepat mengenai kesejahteraan ekonomi kerana ia mengambil kira perbelanjaan wajib perlu ditanggung individu atau keluarga. Ini berbeza dengan PGK hanya menetapkan satu garis pendapatan minimum tanpa mengambil kira perbelanjaan sebenar.

Dengan menggunakan NDI, kita dapat menilai kesejahteraan ekonomi dengan lebih baik kerana ia menunjukkan jumlah pendapatan benar-benar boleh digunakan untuk memenuhi keperluan hidup. Ini membantu mengenal pasti golongan benar-benar memerlukan bantuan.

Selain itu, NDI lebih dinamik kerana ia boleh

disesuaikan mengikut perubahan dalam kos sara hidup dan perbelanjaan wajib. Ini memastikan pengukuran kemiskinan sentiasa relevan dengan keadaan ekonomi semasa.

Sebagai contoh, jika kos sara hidup meningkat, NDI akan mengambil kira peningkatan itu dan memberikan gambaran lebih tepat mengenai kesejahteraan ekonomi rakyat.

Ini berbeza dengan PGK mungkin tidak mengambil kira perubahan dalam kos sara hidup dan perbelanjaan wajib. Penggunaan NDI sebagai pengukur kemiskinan juga mempunyai implikasi penting dalam merangka dasar sosial dan ekonomi.

## Bantu rangka dasar sosial lebih berkesan

Apabila mendapat gambaran lebih tepat mengenai kesejahteraan ekonomi rakyat, kerajaan dapat merangka dasar sosial dan ekonomi lebih berkesan. Ini termasuk penyaluran bantuan kewangan lebih tepat kepada golongan memerlukan dan perancangan program pemulihan ekonomi lebih berkesan.

Selain itu, penggunaan NDI juga dapat membantu dalam usaha pembangunan mampan. Berdasarkan gambaran lebih tepat mengenai kesejahteraan ekonomi rakyat, kerajaan dapat merancang dan melaksanakan program pembangunan lebih mampan dan inklusif.

Ini termasuk usaha mengurangkan jurang pendapatan dan meningkatkan kualiti hidup golongan berpendapatan rendah. Sebagai contoh, kerajaan dapat mengenal pasti golongan memerlukan bantuan dalam bidang pendidikan dan kesihatan.

Penggunaan NDI juga membolehkan pemantauan dan penilaian lebih berkesan terhadap keberkesanan program bantuan dan pemulihan ekonomi. Ini membantu memastikan sumber diperun-

tukkan, digunakan dengan optimum dan mencapai matlamat ditetapkan.

Bagaimanapun, penggunaan NDI sebagai pengukur kemiskinan juga ada cabaran perlu diatasi. Salah satu cabaran utama adalah pengumpulan data tepat dan menyeluruh mengenai pendapatan serta perbelanjaan individu atau isi rumah. Ini memerlukan kerjasama agensi kerajaan, sektor swasta dan masyarakat untuk mengumpul data tepat mengenai pendapatan dan perbelanjaan individu atau keluarga.

Kesedaran dan pendidikan mengenai kepentingan NDI sebagai pengukur kemiskinan juga penting. Masyarakat perlu didedahkan cara menguruskan pendapatan dan perbelanjaan dengan lebih berkesan. Kerajaan juga perlu menyesuaikan dasar sedia ada untuk menyokong penggunaan NDI sebagai pengukur kemiskinan termasuk penyesuaian sistem cukai, sumbangan sosial dan program bantuan kewangan.

Secara keseluruhannya, penggunaan NDI sebagai pengganti PGK untuk mengukur kemiskinan di Malaysia adalah langkah positif dan berpotensi memberi gambaran lebih tepat mengenai kesejahteraan ekonomi rakyat. Berdasarkan pendekatan holistik dan bersepadu, usaha ini dapat membantu mengurangkan kemiskinan dan meningkatkan kualiti hidup golongan berpendapatan rendah.

Melalui kerjasama pelbagai pihak dan penyesuaian dasar sedia ada, penggunaan NDI sebagai pengukur kemiskinan dapat dilaksanakan dengan berkesan dan memberi manfaat besar kepada rakyat.

# Ambil pengajaran global tadbir urus awam, swasta

7/12 2024

Oleh Dr Shahrul Azman Abd Razak  
dan Prof Dr Subaiza Ismail  
bhrencana@bh.com.my

**Perkongsian Awam-Swasta (PPP)** menjadi pendekatan strategik di seluruh dunia untuk memanfaatkan keupayaan sektor swasta dalam projek infrastruktur awam. Perkongsian ini membolehkan kerajaan menggunakan pembiayaan dan kepakaran pengurusan sektor swasta untuk memenuhi keperluan infrastruktur.

Pengalaman perintis awal seperti United Kingdom (UK) menawarkan pengajaran penting untuk pembangunan model PPP lebih berkesan di seluruh dunia, termasuk di Malaysia. Selaras dengan pelaksanaan Pelan Induk Perkongsian Awam-Swasta 2030 (PIKAS 2030) dan pengumuman projek baharu dalam Bajet 2025, ada peluang untuk mengambil pengajaran daripada pengalaman antarabangsa bagi memperkukuh keberkesanan dan impak PPP di Malaysia.

Walaupun pelaksanaan projek melalui Inisiatif Pembiayaan Swasta (PFI) di UK pada awalnya menunjukkan kejayaan ketara, isu berkaitan kawalan kos, ketelusan dan kualiti perkhidmatan membawa kepada penilaian semula pendekatan mereka.

Penggunaan PPP secara besar-besaran di UK bermula pada 1992 di bawah PFI, bertujuan mengurangkan beban fiskal kerajaan

dengan membabitkan sektor swasta dalam pembangunan infrastruktur awam. Model ini, yang mana entiti swasta mereka bentuk, membiayai, membina dan mengendalikan aset awam dengan kerajaan menyewa aset ini melalui kontrak jangka panjang, menjadi terkenal dalam sektor seperti penjagaan kesihatan, pendidikan dan pengangkutan.

Namun, menjelang 2018, kebimbangan mengenai kos tinggi dan kontrak kaku muncul. Rangka kerja PPP Malaysia sedang berkembang di bawah PIKAS 2030, disokong langkah dalam Belanjawan 2025, boleh mengambil manfaat daripada memeriksa pengajaran antarabangsa ini untuk mengelakkan perangkap biasa dan memastikan kelestarian perkongsian itu.

## Minimumkan kekakuan, ketidakcekapan

Pengalaman daripada pelbagai projek PPP menekankan keperluan untuk pengurusan kewangan teliti. Liabiliti tersembunyi, berpunca daripada susunan pembiayaan di luar kunci kira-kira, terbukti mahal di tempat lain. Pelaporan telus dan perakaunan akruan, seperti disyorkan PIKAS 2030 Malaysia dan diperkuatkan melalui inisiatif Belanjawan 2025, boleh mengurangkan risiko itu dan meningkatkan keyakinan awam.

Memastikan pembahagian keuntungan adil dan menguruskan rundingan semula kontrak dengan berkesan boleh mengelakkan keuntungan berlebihan sektor swasta merugikan manfaat awam.

Kontrak PPP ditadbir dengan baik dan boleh

disesuaikan dapat meminimumkan kekakuan dan ketidakcekapan seperti dilihat di tempat lain. Dengan menggalakkan ketelusan dan membolehkan rundingan semula apabila keperluan awam berkembang, Malaysia dapat meningkatkan daya tindak dan kejayaan projek PPP.

Kerajaan perlu memilih sektor di mana kepakaran sektor swasta memberi nilai tambah ketara untuk memaksimumkan hasil. Ini mungkin termasuk infrastruktur berasaskan teknologi, sementara model dipimpin awam mungkin lebih sesuai untuk sektor seperti penjagaan kesihatan dan pendidikan.

Kebimbangan semakin meningkat dalam PPP global adalah tumpuan kepada kelestarian jangka panjang. Projek PPP mesti bukan sahaja memenuhi keperluan segera, tetapi memastikan kelestarian alam sekitar dan sosial. Rangka kerja PPP Malaysia di bawah PIKAS 2030 boleh mengintegrasikan kriteria kelestarian untuk memastikan perkongsian menyumbang kepada matlamat alam sekitar, sosial, dan ekonomi jangka panjang.

Dengan memberi tumpuan kepada tadbir urus boleh disesuaikan, pembahagian keuntungan adil dan mengutamakan projek lestari, Malaysia dapat mengoptimumkan rangka kerja PPPnya selaras dengan matlamat pembangunan negara.

Strategi berkesan akan memastikan projek PPP bukan sahaja memacu pertumbuhan ekonomi tetapi memberikan manfaat jangka panjang kepada rakyat, menyumbang kepada masa depan lebih lestari.

Shahrul Azman ialah Penolong Pengarah Kanan di Unit Kerjasama Awam-Swasta (UKAS), Jabatan Perdana Menteri manakala Subaiza ialah Profesor di Jabatan Perakaunan, Kulliyah Ekonomi dan Sains Pengurusan, Universiti Islam Antarabangsa Malaysia

BERITA HARIAN  
Tarikh..... 09 DEC 2024

## Usaha MCMC pastikan daya tahan industri komunikasi dan multimedia

Di negara ini, kebocoran data akibat kelemahan sistem keselamatan rangkaian komunikasi menjadi isu semakin mendesak, terutama dalam dunia digital semakin berkembang. Kebocoran data merujuk kejadian maklumat peribadi atau data penting dicuri, didedahkan atau disalahgunakan tanpa kebenaran menerusi pelbagai platform.

Isu kebocoran data ini membabitkan pelbagai sektor termasuk awam, swasta dan perbankan. Ia turut menjejaskan tahap kepercayaan masyarakat serta keselamatan pada industri teknologi maklumat dan komunikasi (ICT).

Beberapa kes kebocoran data pernah dilaporkan di Malaysia sehingga menimbulkan kebimbangan mengenai keselamatan maklumat peribadi, antaranya kebocoran data pengguna telefon bimbit pada 2017 dan kebocoran data lebih 200,000 pelanggan bank pada 2022 membabitkan butiran transaksi dan maklumat perbankan sensitif.

Dalam hal ini, kerajaan sentiasa proaktif berusaha melindungi data peribadi orang ramai seperti memperkenalkan Akta Perlindungan Data Peribadi 2010 (PDPA) bagi melindungi maklumat peribadi individu, manakala Akta Kesalahan Komputer 1997 untuk menghukum mereka terabit jenayah siber.

Menyedari ancaman keselamatan digital ini, kerajaan menerusi Suruhanjaya Komunikasi dan Multimedia Malaysia (MCMC) meningkatkan penguatkuasaan terhadap syarikat telekomunikasi dan penyedia perkhidmatan bagi memastikan keselamatan data pengguna.

Terkini, MCMC memperkenalkan Garis Panduan Keselamatan Maklumat dan Rangkaian untuk Industri Komunikasi dan Multimedia (INSG) bagi meningkatkan keselamatan maklumat dan rangkaian serta daya tahan industri komunikasi dan multimedia di Malaysia.

INSG berfungsi sebagai kerangka amalan terbaik, tetapi bukan satu arahan mandatori ketika ini. Ia menggalakkan pihak industri mengguna pakai amalan terbaik ini dalam pengoperasian mereka sebagai sebahagian daripada langkah proaktif memperkukuh keselamatan siber bagi industri komunikasi dan multimedia.

Maka, pihak industri seharusnya menyahut dan menyokong langkah MCMC ini untuk membendung serangan siber dalam sistem operasi mereka, sekali gus mengelak kebocoran maklumat dan data peribadi pengguna berlaku.

Garis panduan baharu ini perlu diikuti industri dan organisasi untuk memastikan sistem mereka selamat, dilindungi sistem keselamatan terkini seperti perisian antivirus, firewall dan penyulitan data. Ia termasuk menggunakan protokol keselamatan seperti pengesahan dua kali (2FA) untuk mengukuhkan lagi keselamatan akaun pengguna.

Industri komunikasi perlu melakukan ujian keselamatan secara berkala untuk mengesan kelemahan sistem perkomputeran bagi memastikan keselamatan tinggi data organisasi. Kini teknologi *blockchain* diguna secara meluas dalam pengurusan data. Ia wajar menjadi pilihan industri kerana mampu memberikan perlindungan lebih kemas kepada data peribadi.

Perlu diakui, keselamatan siber adalah isu serius memerlukan pendekatan menyeluruh untuk membabitkan tindakan undang-undang, keselamatan siber, kesedaran pengguna dan pelaksanaan teknologi lebih maju.

Apa yang penting, kerajaan perlu memastikan penguatkuasaan undang-undang lebih ketat, memberi perhatian kepada latihan dan kesedaran awam serta meningkatkan infrastruktur keselamatan siber bagi melindungi maklumat peribadi dan data sensitif.

BERITA HARIAN  
Tarikh...0.9 DEC. 2024.....

# INSG kerangka terbaik perkukuh keselamatan siber

MCMC galak industri komunikasi, multimedia guna panduan urus risiko

**Putrajaya:** Suruhanjaya Komunikasi dan Multimedia Malaysia (MCMC) memperkenalkan Garis Panduan Keselamatan Maklumat dan Rangkaian untuk Industri Komunikasi dan Multimedia (INSG) bagi meningkatkan keselamatan maklumat dan rangkaian serta daya tahan industri komunikasi dan multimedia di Malaysia.

Dalam kenyataan semalam, MCMC berkata, INSG berfungsi sebagai satu kerangka amalan terbaik dan tidak mandatori buat ketika ini.

Namun MCMC menggalakkan pihak industri mengguna pakai amalan terbaik ini dalam pengoperasian mereka sebagai sebahagian daripada langkah proaktif memperkuhi keselamatan siber bagi industri komunikasi dan multimedia.

"Pendekatan ini memberi ruang kepada Penyedia Perkhidmatan menyesuaikan diri dengan garis panduan itu dan memberikan maklum balas penambahbaikan," menurut kenyataan itu.

MCMC berkata, INSG bukan bertujuan menambah peraturan baharu, sebaliknya meningkatkan keupayaan dan ketersediaan penyedia perkhidmatan untuk mengurus risiko siber, mengurangkan kebocoran data, meminimumkan gangguan melalui pengukuhan infrastruktur serta melindungi pengguna daripada ancaman dalam talian.

## Kontinuiti MCMC

Semasa fasa pembangunan INSG, MCMC secara aktif membabitkan pelbagai pihak berkepentingan, termasuk firma keselamatan siber, perunding keselamatan, pemegang lesen penyedia termasuk pusat data dan penyedia perkhidmatan awan, kementerian, agensi kerajaan, badan kawal selia, pertubuhan bukan kerajaan, ahli akademik dan forum di bawah MCMC.

Maklum balas, cadangan dan pandangan diberikan telah dinilai dengan teliti dan jika sesuai, ia diserapkan ke dalam INSG.

"Pendekatan inklusif dan telus

MCMC memperkenalkan INSG bagi meningkatkan keselamatan maklumat dan rangkaian serta daya tahan industri komunikasi dan multimedia di Malaysia. (Foto hiasan)

ini mencerminkan komitmen MCMC untuk memastikan garis panduan ini memenuhi keperluan dalam pengurusan keselamatan siber dipatuhi," menurut kenyataan itu.

MCMC berpandangan INSG adalah langkah penting dalam melindungi ekosistem digital Malaysia, memastikan infrastruktur rangkaian yang selamat dan

berdaya tahan untuk semua.

"Ia mencerminkan usaha berterusan MCMC untuk menangani cabaran landskap siber yang semakin kompleks sambil memupuk kepercayaan dan keselamatan dalam persekitaran digital negara," menurut kenyataan.

Tarikh.....0...9...DEC...2024.....

**MOHD. ZAIDI  
MD. ZABRI**

**S**UBSIDI secara pukal bagi petrol RON95 telah menjadi isu utama kerana perbelanjaan besar yang mencecah RM81 bilion pada tahun 2023.

Sebagai langkah mengurangkan beban fiskal negara, Perdana Menteri, Datuk Seri Anwar Ibrahim mengumumkan melalui Belanjawan 2025 bahawa golongan T15 atau mahakaya bakal dikenakan harga pasaran semasa bagi petrol RON95. Manakala 85 peratus daripada rakyat akan terus menikmati harga subsidi RM2.05 per liter.

Menteri Ekonomi, Rafizi Ramli kemudiannya menjelaskan bahawa pengelasan subsidi ini akan didasarkan pada pendapatan bersih isi rumah berbanding pendapatan kasar bagi memastikan pengalihan yang lebih tepat.

Kendatipun begitu, usaha ini harus dilaksanakan dengan berhati-hati umpama 'menarik rambut dalam tepung, rambut tidak putus, tepung tidak berserak' agar tiada pihak yang teraniaya.

Rentetan cadangan untuk menetapkan ambang pendapatan RM13,000 sebagai syarat kelayakan subsidi telah menimbulkan kebimbangan yang signifikan, khususnya di kawasan bandar seperti Kuala Lumpur, di mana kos sara hidup jauh lebih tinggi berbanding kawasan luar bandar.

Perbezaan ketara dalam kos perumahan, pengangkutan, pendidikan, dan barangan asas menyebabkan pendapatan isi rumah yang sama tidak memberikan kuasa beli yang setara di antara bandar dan luar bandar. Alhasil, keluarga bandar menghadapi cabaran kewangan yang lebih besar untuk menampung keperluan asas harian.

Sebagai contoh, sebuah keluarga di Kuala Lumpur mungkin perlu memperuntuk sebahagian besar pendapatan mereka untuk perumahan, yang biasanya berkali ganda lebih mahal ketimbang keluarga di kawasan luar bandar.

Selain itu, mereka turut dibebani kos penjagaan anak, pendidikan, dan perkhidmatan kesihatan yang lebih tinggi. Walaupun pendapatan mereka tampak setanding dengan keluarga di luar bandar, hakikatnya, kemampuan mereka untuk menabung, berbelanja, atau bahkan menampung keperluan harian adalah jauh lebih rendah.

Di bawah sistem semasa,

**MATLAMAT** utama adalah memastikan subsidi disalurkan kepada mereka yang benar-benar memerlukan tanpa membebani isi rumah yang berada di ambang kelayakan.

## Penyasaran subsidi RON95 perlu lebih adil

penetapan ambang pendapatan yang sama tanpa mengambil kira perbezaan kos sara hidup ini berisiko bakal menyebabkan keluarga bandar yang sudah sedia tertekan asbab kehilangan akses kepada subsidi yang sangat diperlukan.

Langkah ini bukan sahaja berpotensi meningkatkan beban kewangan, tetapi juga boleh mempertingkatkan kesenjangan di antara isi rumah di bandar dan luar bandar. Perubahan ini memerlukan perhitungan semula agar lebih adil dan inklusif untuk semua lapisan masyarakat.

### FASA PENGURANGAN BERTAHAP

Isu utama dengan penetapan ambang RM13,000 adalah kesan pemotongan mendadak, di mana kenaikan pendapatan kecil sekalipun boleh menyebabkan sesebuah keluarga kehilangan subsidi sepenuhnya. Sistem seperti ini meletakkan beban yang tidak seimbang kepada mereka yang melebihi ambang pendapatan waima sedikit kerana mereka terpaksa menanggung kos yang sama seperti golongan berpendapatan tinggi meskipun tidak memiliki kemampuan kewangan yang setara.

Justeru, penyelesaian

yang lebih praktikal adalah melaksanakan pengurangan subsidi secara berperingkat. Melalui pendekatan ini, jumlah subsidi dikurangkan secara beransur-ansur selaras dengan peningkatan pendapatan dalam memastikan bantuan tidak dihentikan secara drastik. Sebagai contoh, isi rumah dengan pendapatan antara RM12,000 hingga RM15,000 masih layak menerima subsidi separa. Langkah sebegini membolehkan peralihan yang lebih lancar, sekali gus mengurangkan risiko kejutan kewangan kepada keluarga yang terlibat.

### MENGAMBIL KIRA SAIZ KELUARGA DAN TANGGUNGAN

Selain itu, cadangan semasa juga mengabaikan faktor saiz keluarga, yang memainkan peranan penting dalam menentukan kos sara hidup. Isi rumah dengan bilangan tanggungan yang lebih ramai pastinya berdepan beban kewangan yang lebih tinggi berbanding isi rumah yang lebih kecil. Namun, ambang pendapatan yang ditetapkan tidak mengambil kira perbezaan ini, sekali gus menimbulkan kebimbangan mengenai keadilan dalam pelaksanaan subsidi.

Sebagai contoh, individu

buang dengan pendapatan RM13,000 mempunyai lebihan pendapatan boleh guna yang jauh lebih besar berbanding sebuah keluarga dengan empat orang tanggungan yang mungkin perlu menanggung perbelanjaan tambahan, seperti kos rawatan kesihatan anak-anak. Namun, kedua-dua kategori ini tetap tidak layak menerima subsidi sekiranya pendapatan mereka melebihi RM13,000, tanpa mengambil kira perbezaan keperluan sebenar antara mereka.

Bagi memastikan sistem subsidi lebih adil dan bersasar, ambang pendapatan perlu dirangka berdasarkan saiz isi rumah. Keluarga dengan lebih ramai tanggungan wajar diberikan had pendapatan yang lebih tinggi untuk melayakkan mereka menerima subsidi, sejajar dengan beban kewangan tambahan yang terpaksa mereka tanggung. Langkah ini bukan sahaja lebih inklusif, tetapi juga mampu menangani isu ketidaksamaan dalam akses kepada bantuan.

### MENGUNAKAN DATA PENDAPATAN MASA NYATA

Kerajaan wajar mempertimbangkan penggunaan data pendapatan masa nyata untuk memastikan

sistem subsidi lebih fleksibel dan responsif terhadap perubahan kewangan isi rumah. Penetapan ambang pendapatan statik seperti RM13,000 tidak mengambil kira turun naik pendapatan yang mungkin berlaku akibat pengangguran, krisis kesihatan, atau kesulitan kewangan lain. Keadaan ini berisiko menyebabkan keluarga terlepas daripada bantuan pada saat mereka paling memerlukannya.

Dengan memanfaatkan data pendapatan masa nyata, kerajaan boleh menyesuaikan kelayakan subsidi berdasarkan keadaan kewangan semasa isi rumah. Sebagai contoh, integrasi sistem subsidi dengan platform MyKad dapat menyediakan penilaian pendapatan yang lebih tepat dan terkini, memastikan bantuan diberikan kepada golongan yang benar-benar memerlukan.

Pendekatan ini telah terbukti berkesan melalui sistem Aadhaar di India, yang menggunakan teknologi digital untuk menyampaikan bantuan secara lebih efisien. Malaysia, dengan infrastruktur digital seperti MyKad, berada dalam kedudukan yang baik untuk melaksanakan sistem serupa yang mampu meningkatkan keberkesanan dan ketelusan agihan subsidi.

### PEMBAHARUAN SUBSIDI YANG LEBIH ADIL

Apabila Malaysia memperkenalkan sistem harga dua tahap bagi RON95, adalah penting untuk menilai semula dan menyesuaikan ambang pendapatan RM13,000 agar mencerminkan realiti dan bebanan kewangan isi rumah yang berbeza-beza. Langkah ini boleh disokong dengan pendekatan seperti pengurangan subsidi secara bertahap, penyesuaian mengikut saiz keluarga, dan penggunaan data masa nyata untuk memastikan ketepatan dalam pelaksanaan.

Matlamat utama adalah memastikan subsidi disalurkan kepada mereka yang benar-benar memerlukan tanpa membebani isi rumah yang berada di ambang kelayakan. Dengan melaksanakan pembaharuan ini, Malaysia bukan sahaja dapat mengurangkan tekanan fiskal secara berkesan tetapi juga memperkukuh prinsip keadilan sosial, memastikan keseimbangan antara keperluan rakyat dan keupayaan negara.

# Caj RM1 guna ATM: 15 juta pengguna berasa ditindas

um  
9/12

Oleh HAFIZ SAIDINA  
dan ARIF AIMAN ASROL  
utusannews@mediamulla.com.my

**PETALING JAYA:** Persatuan pengguna mempersoalkan caj RM1 yang dikenakan untuk setiap transaksi di mesin pengeluaran automatik (ATM) yang disifatkan 'untung atas angin', sehingga syarikat pengendali mendapat untung berjuta-juta ringgit.

Presiden Persatuan Pengguna Kedah (Cape), Mohd. Yusrizal Yusoff berkata, caj yang dikenakan tidak memberikan manfaat yang jelas kepada 15 juta pengguna sehingga mereka berasa ditindas.

"Dulu, kita menggunakan mesin ATM dan sistem antara bank tanpa dikenakan caj, tetapi tiada kerugian langsung dicatat oleh bank. Pada masa kini, syarikat ini mengenakan caj yang tidak rasional dan membebankan rakyat terutama golongan berpendapatan rendah.

"Kita yang keluar duit dan mereka yang dapat keuntungan sehingga berjuta-juta. Walaupun caj yang dikenakan hanya RM1 tetapi dengan kos sara

hidup yang tinggi ia amat berharga bagi rakyat.

"Apa rasional caj RM1 terhadap pengguna sehingga mengaut untung atas angin. Kami beranggapan tidak rasional caj RM1 ini dan ia seperti menindas rakyat," katanya kepada *Utusan Malaysia*.

Tambahnya, jika mahu rakyat melibatkan diri dalam digitalisasi, ia perlu memudahkan mereka, bukan sebaliknya.

"Sekiranya kerajaan dan bank ingin menggalakkan rakyat menggunakan teknologi digital, mereka perlu menyediakan insentif seperti potongan harga atau pengurangan caj, bukannya menambah beban dengan caj tersembunyi yang membebankan golongan marhaen," ujarnya.

Payments Network Malaysia Sdn. Bhd. (PayNet) dilaporkan memperoleh hasil sebanyak RM544 juta dan keuntungan RM271 juta daripada fi pengeluaran tunai RM1 di ATM.

Caj itu dilihat tidak munasabah kerana ia lebih menguntungkan syarikat tersebut.

Pada 2023, PayNet meraih untung kasar RM544 juta dan

untung bersih RM271 juta dan dilaporkan mengekalkan keuntungan terkumpul dari tahun terdahulu berjumlah RM1.43 bilion serta memiliki aset RM2.1 bilion.

Sehubungan itu, PayNet dan pemegang sahamnya termasuk BNM digesa memansuhkan fi pengeluaran tunai RM1 di ATM yang dilihat membebankan pelanggan, terutama golongan berpendapatan rendah.

Ini kerana, majoriti pelanggan terkesan dengan fi tersebut adalah daripada kumpulan berpendapatan rendah, termasuk sejumlah besar ahli kesatuan yang sedang bergelut memenuhi keperluan keluarga mereka.

Sementara itu, Setiausaha Kesatuan Kebangsaan Pekerja-Pekerja Bank (NUBE), J Solomon berkata, caj RM1 sudah membawa keuntungan hingga jutajutaan ringgit kepada pihak bank tetapi menekan golongan B40.

Jelasnya, hanya pemilik akaun bank yang juga merupakan B40 sahaja menggunakan ATM dan golongan kaya pula menggunakan perbankan internet.

"Berjuta orang di Malaysia ini mempunyai akaun bank,

daripada jumlah tersebut boleh dianggarkan 80 peratus adalah B40 dan M40. Itu sahaja kita sudah lihat berjuta orang yang menggunakan ATM serta terkesan dengan caj RM1 itu.

"Caj itu hanya menyebabkan orang kaya menjadi lebih kaya tetapi orang miskin terus menjadi miskin. Dalam kos kehidupan yang tinggi sekarang, RM1 pun membawa tekanan kepada mereka," katanya.

Tambahnya, kerajaan perlu membuat arahan kepada Bank Negara Malaysia (BNM) dan pihak bank lain bagi menghentikan caj perkhidmatan tersebut.

"Apabila ATM itu diadakan di tempat-tempat yang boleh digunakan oleh pelanggan, sebenarnya pihak bank buat keuntungan daripada situ kerana mereka tidak perlu membayar gaji untuk pekerja dan sebagainya. Ini menyaksikan mereka meraih penjimatan.

"Tetapi mengapa pula pihak bank nak caj orang miskin RM1 lagi? Jika pihak mengatakan mereka perlu menanggung kos. Apa kosnya? Mereka sendiri menggalakkan pengguna menggunakan ATM," ujarnya.

# SEKTOR PERBANKAN MAMPU RAIH KEPUTUSAN POSITIF PADA 2025

Oleh HENDRA WINARNO  
hendra.winarno@medianullam.com.my

**PETALING JAYA:** Sektor perbankan dijangka catat keputusan positif dan margin faedah bersih (NIM) bertambah baik pada 2025 selepas sebahagian besar keputusan suku ketiga 2024 mencapai jangkaan.

Hong Leong Investment Bank Bank (HLIB) berkata, lima daripada lapan bank di bawah liputannya berjaya mencapai keuntungannya selaras dengan jangkaan.

"Pertumbuhan hasil yang teguh bersama-sama dengan elaun yang lebih rendah untuk pinjaman lapuk membantu pendapatan sektor meningkat 11 peratus tahun ke tahun.

"Bagaimanapun, kami menjangkakan NIM yang lebih lemah pada suku keempat memandangkan persaingan deposit tetap yang biasanya semakin meningkat bagi tempoh antara Oktober hingga Disember," katanya dalam satu nota penyelidikan.

HLIB berkata, perlindungan terhadap kerugian pinjaman untuk bank terus meningkat dan kekal di atas paras sebelum sekatan.

Jelasnya, hal ini adalah hasil daripada peruntukan awal yang

**"NISBAH PINJAMAN KEPADA DEPOSIT MENGECIL SEHINGGA 88 PERATUS PADA OKTOBER DARIPADA 87.7 PERATUS PADA SEPTEMBER, KEMBALI KE PARAS OGOS SEBANYAK 88 PERATUS."**

besar, yang masih terdapat dalam rekod mereka dan boleh berfungsi sebagai alat untuk meningkatkan keuntungan apabila diperlukan.

Memandang ke hadapan, firma penyelidikan itu menjangkakan Disember yang agak perlahan dengan percubaan terhadap.

"Sebaliknya, ramai pelabur boleh diberi insentif untuk mengunci beberapa keuntungan dan mengelak daripada menetapkan penanda aras prestasi yang lebih tinggi untuk 2025," katanya.

HLIB mengekalkan dua sasaran "beli" terhadap RHB Bank Bhd dan AMMB Holdings Bhd,

dengan harga sasaran masing-masing RM7.30 dan RM6.15, kerana ia mengekalkan panggilan "neutral" terhadap sektor itu sendiri.

Sementara itu, CIMB Research berkata, angka Oktober menunjukkan gambaran bercampur-campur penunjuk pinjaman utama yang perlahan, walaupun dari asas yang tinggi dan pertumbuhan deposit menjadi lemah, manakala pertumbuhan pinjaman meningkat dan kualiti aset bertambah baik.

"Pertumbuhan pinjaman

meningkat semula kepada enam peratus tahun ke tahun pada Oktober 2024, daripada 5.6 peratus tahun ke tahun pada September 2024, disokong segmen isi rumah dan korporat.

"Pertumbuhan deposit lebih perlahan pada 3.2 peratus tahun ke tahun pada Oktober, berbanding 3.3 peratus pada September, terutamanya disebabkan pertumbuhan akaun semasa dan akaun simpanan (CASA) menurun kepada empat peratus tahun ke

tahun pada Oktober daripada 5.2 peratus tahun ke tahun sebelumnya.

"Nisbah pinjaman kepada deposit mengecil sehingga 88 peratus pada Oktober daripada 87.7 peratus pada September, kembali ke paras Ogos sebanyak 88 peratus.

"Pilihan utama kami dalam sektor ini masih Hong Leong Bank Bhd., AMMB dan Malayan Banking Bhd.," katanya.

## Diskaun kompaun hingga 31 Disember

**SHAH ALAM** - Majlis Bandaraya Diraja Klang (MBDK) menawarkan pengurangan kompaun letak kereta serendah RM15 sehingga 31 Disember.

Timbalan Datuk Bandarnya Mohd Zary Affendi Mohd Arif menyeru orang ramai mengambil peluang melunaskan kompaun itu termasuk melibatkan pelbagai kesalahan trafik.

"Orang ramai digesa merebut peluang ini dengan menjelaskan tunggakan sebelum tindakan tegas dikenakan termasuk pendakwaan di mahkamah," katanya pada 28 November.

Beliau berkata kompaun itu tidak terakluk bagi beberapa kesalahan antaranya meletak kenderaan di parkir orang kelainan upaya, petak khas dan menghalang tempat parkir.

## Beku cuti anggota skuad Pantas

selangor  
9/12

**SHAH ALAM** - Cuti lebih 500 anggota skuad Pasukan Tindakan Segera (Pantas) pihak berkuasa tempatan (PBT) dibekukan sebagai persediaan mendepani bencana banjir.

EXCO Kerajaan Tempatan Dato' Ng Suee Lim berkata pembekuan sehingga Januari itu bergantung kepada keadaan bencana, susulan Monsun Timur Laut kali ini.

"Sekarang ini memang Jabatan Meteorologi (MetMalaysia) sudah bagi maklumat awal hujan akan berterusan. Di Pantai Timur air sudah naik dan di Se-

langor walaupun tidak teruk tapi ada banjir kilat.

"Unit bencana di bawah Kerajaan Negeri dan skuad Pantas PBT sentiasa peka dan bersiap siaga, akan dikerahkan jika perlu. Semua sudah maklum dan kita tidak benarkan mereka (skuad Pantas) ambil cuti dalam tempoh ini," katanya 29 November.

Beliau menjelaskan tindakan itu perlu susulan keadaan banjir diramal lebih mencabar sekitar pertengahan dan akhir Disember berdasarkan situasi sebelum ini.

Suee Lim berkata Selangor sentiasa bersedia menghantar bantuan ke kawasan terjejas banjir di Pantai Timur sekiranya ada keperluan.

"Setakat ini belum ada lagi (bantuan) digerakkan dan kita serahkan (urusan itu) kepada Dato' Menteri Besar Dato' Seri Amirudin Shari. Kalau ada keperluan saya rasa kita akan cuba bantu juga sebab bencana ini bukan kita minta tapi dia datang.

"Jadi akhirnya kita perlu bantu membantu. Semangat itu kena ada. Rasanya kalau ada keperluan, saya yakin Dato' Menteri Besar akan arahkan. Kita tunggu," katanya.

## Tingkat prestasi penjawat awam

**SHAH ALAM** - Penjawat awam digesa meningkatkan prestasi selaras kenaikan gaji bermula bulan ini melalui pelaksanaan Sistem Saraan Perkhidmatan Awam (SSPA) yang berkuat kuasa 1 Disember.

Perdana Menteri Datuk Seri Anwar Ibrahim memberitahu prestasi cemerlang perlu memandangkan rakyat mengharapkan perkhidmatan lebih baik daripada sektor awam, lapor Bernama.

"Saya hanya berharap agar saudara-saudara (penjawat awam) memastikan prestasi jauh lebih baik kerana rakyat menuntut perkhidmatan yang lebih berkualiti," katanya pada 2 Disember.

Dengan pelarasan gaji dan pergerakan tahunan melalui SSPA yang menggantikan Skim Saraan Malaysia (SSM), pendapatan mereka dijangka naik dalam julat 16.8 peratus hingga 42.7 peratus.

Tarikh: 09 DEC 2024

## Muktamad sempadan Selangor-KL <sup>Selangor</sup> 9/13

**SHAH ALAM** - Persempadanan Selangor dan Kuala Lumpur dijangka dimuktamadkan dalam tempoh dua tahun lagi, kata Dato' Menteri Besar Dato' Seri Amirudin Shari.

Beliau berkata Jabatan Ukur dan Pemetaan Malaysia (Jupem) sedang melaksana kerja pengukuran yang disusuli dengan perjanjian bersama.

"Selepas proses (ukur) itu diluluskan, baru kita tandatangani perjanjian dan muktamadkan sempadan Kuala Lumpur dan Selangor.

"Cuma kita mahu elakkan (sempadan) melintasi dapur rumah, beranda rumah, termasuk premis tertentu. Kita akan cuba jelaskan sempadan," katanya pada 27 November.

Bagi pelaksanaan projek Lembah Klang Raya, Amirudin menjelaskan persempadanan dijangka melibatkan radius lima hingga 10 kilometer bagi memenuhi desakan pembangunan.

Menurutnya, perbincangan sedang dilaksana dengan Menteri Wilayah Persekutuan Dr Zaliha Mustafa bagi

menyelaras pentadbiran yang perlu dilengkapkan bersama.

Sementara itu, Amirudin memaklumkan Kerajaan Negeri tidak berhasrat menuntut kembali Kuala Lumpur bagi menghormati perjanjian penyerahan yang ditandatangani pada Februari 1974.

Jelasnya, perjanjian berkenaan tertakluk kepada dua syarat iaitu keberadaan pusat pentadbiran kerajaan Persekutuan dan kedudukan bangunan Parlimen di Kuala Lumpur.

## Ke arah revolusi industri, AI *Selangor Kini 9/12*

**SHAH ALAM** - Sidang Kemuncak Pendidikan Selangor (SES) yang julung kali diadakan menjadi platform buat negeri beralih ke arah Revolusi Industri 4.0 (IR 4.0) dan kecerdasan buatan (AI).

Dato' Menteri Besar berkata usaha melibatkan beberapa syarikat terkemuka seperti Apple, Siemens, Dassault Systemes dan Mendix membantu pelajar serta warga pendidik untuk meneroka lebih lanjut.

Menurut Dato' Seri Amirudin Shari, tumpuan turut diberikan kepada sains, teknologi, kejuruteraan dan matematik (STEM), yang juga asas pelajaran bagi menjaga keseluruhan ekosistem pendidikan.

"Kita tidak boleh menjadi pengguna sahaja tetapi perlu menjadi pencipta. Justeru, STEM perlu diberi tumpuan dan sepadan dengan AI supaya kepintaran teknologi atau perkara ke hadapan

tidak akan tinggalkan tamadun, sosial, persekitaran dan budaya kehidupan.

"Saya percaya SES adalah langkah tepat. Kita bukan hanya melihat satu pihak tetapi mahu membangunkan negeri dengan kemajuan seimbang.

"Pasti kita mahu menggarap dan merangkul teknologi terkini untuk kehidupan lebih mudah, yang menjaga kelestarian alam," katanya dalam majlis penutup SES pada 1 Disember.

Simulasi ERP X-Cerun Infrasel

# Agensi keselamatan di Selangor siap siaga hadapi bencana

*Selangor Kini*  
9/12

Fasa peralihan monsun yang melanda negara berisiko meningkatkan kecenderungan berlaku tanah runtuh di kawasan cerun di Selangor.

Bagi memastikan kesiapsiagaan agensi-agensi keselamatan dalam menghadapi situasi kecemasan dan potensi bencana alam, Kerajaan Negeri Selangor mengambil pendekatan strategik melalui Program Latihan Simulasi ERP X-Cerun yang dilaksanakan Infrasel Sdn. Bhd. pada November lalu.

Program ini memfokuskan pendekatan teori dan latihan praktikal bagi meningkatkan kefahaman terhadap tindak balas yang perlu diambil semasa menghadapi situasi bencana alam khususnya tanah runtuh.

Bagi memastikan agensi terlibat memahami situasi sebenar, simulasi kecemasan telah dijalankan di tapak projek cerun yang diselia Infrasel di Jalan Genting Peras, Seksyen 32, Hulu Langat.

Program berkenaan disertai pelbagai agensi keselamatan seperti bomba, polis, Pertubuhan Bantuan Perubatan Kecemasan (TEMS), Kementerian Kesihatan, Pejabat

Daerah dan Tanah Hulu Langat serta Jabatan Kerja Raya Hulu Langat.

EXCO Infrastruktur Ir Izham Hashim menjelaskan program itu antara usaha Kerajaan Negeri memastikan kesiapsiagaan semua agensi keselamatan sebelum menghadapi situasi kecemasan sebenar.

"Kita juga sudah bersedia dari pelbagai sudut dan aspek dalam mencegah risiko berlaku kegagalan cerun termasuklah melalui perangkaan Pelan Risiko dan Bahaya Cerun yang menetapkan garis panduan bagi aktiviti pembangunan di kawasan cerun bukit bagi mengelakkan risiko bahaya cerun runtuh," katanya.

Pengumuman program ini menunjukkan komitmen tinggi Infrasel membangunkan mekanisme tindak balas kecemasan dengan fokus meningkatkan kesedaran, pembangunan protokol keselamatan dan penyediaan latihan praktikal kepada kakitangan.

Inisiatif tersebut mencerminkan pendekatan proaktif dan sistematik dalam menangani potensi risiko cerun runtuh serta meningkatkan keupayaan tindak balas kecemasan di peringkat organisasi.

Simulasi menyelamatkan mangsa runtuhan cerun oleh bomba di Jalan Genting Peras, Hulu Langat

"Kita juga sudah bersedia dari pelbagai sudut dan aspek dalam mencegah risiko berlaku kegagalan cerun termasuklah melalui perangkaan Pelan Risiko dan Bahaya Cerun"

EXCO Infrastruktur Ir Izham Hashim

Anggota penyelamat mengeluarkan mangsa dari lokasi runtuhan cerun ke tempat selamat

Anggota Pasukan Pertolongan Cemas melakukan prosedur Resusitasi Kardiopulmonari (CPR) kepada mangsa

Pasukan Emergency Respond Team (ERT) memberi taklimat situasi semasa di kawasan bencana kepada Jurutera Fasilitas JKR Hulu Langat, Tuan Ir. Razman Abdul Rashid

Insp. Khairulmizam Ibrahim, Ketua Bahagian Keselamatan Dalam Negeri dan Ketenteraman Awam IPD Kajang turut hadir memantau simulasi yang dijalankan
